**IHS Public Health Dental Externship Intention Questionnaire**

Please complete the following questionnaire to provide the dental preceptors information about your intentions. Our HQ office will help market your availability for an IHS Public Health Dental Externship nationwide. The Preceptors in the field have selection authority. If you are selected for an externship, then you will work with our HQ office to plan an official government travel order. The travel plan will be developed as the travel dates draw near.

1. Most externship opportunities are solo assignments. Some students ask if they can participate in our externship and travel with a classmate. There are some sites that can accommodate that.

A. Do you wish to be placed with a classmate?

◉ **Yes** ○ **No** (Go to the question #2)

B. Please provide the name of the classmate that you wish to be your co-traveler. Keep in mind that co-travelers will be expected to share lodging accommodations, so answer this question with that in mind.

Name: Jacob Eisdorfer

C. If we are unable to accommodate placing you with your classmate, then will you be available for solo assignment?

◉ **Yes** ○ **No**

2. We realize that some applicants may have a military obligation to serve after graduation. We also hope that those individuals realize they can transfer to the USPHS Commissioned Corps personnel system (WWW.USPHS.GOV ) after their military obligation is served and bring their Active Duty credit with them. Currently, that limit of transferable Active Duty Credit is 8 years. That time counts toward pay and retirement! Our preceptors realize that Indian Health Service could be in the future for those with military obligations. This is an opportunity for you to see if IHS could be in your future too and we welcome you to apply for an externship.

A. Do you have a military obligation after graduation?

○ **Yes** ◉ **No** (Go to the question #3)

B. If yes - which service are you obligated to serve?

○ No

**Answer key:**

10. True
11. True
12. True

**1**3. False. When you are selected for the externship, you should ask the preceptor if you will need a hotel. If need hotel, then make a hotel reservation and ask for government rate. You will need to hold hotel room with your credit card. Do not prepay for a room….only hold a reservation with a credit card in the event that you are unable to keep the commitment to go on this externship. **Do not purchase an airline ticket**….airline tickets are purchased as part of the official government travel order. If you buy your own airline ticket we will **not** be able to provide a reimbursement for that mistake. Your travel order and airline ticket will be provided to you no sooner than 5 weeks prior to the planned travel dates.

**1**4. True. Agreements between dental schools and an Indian Health Service or Tribal sites sometimes take months to complete when attorneys pass an agreement back and forth. **PLEASE initiate this discussion with your school authorities immediately upon your selection to avoid disappointment if the agreement is not developed in time for travel.**

15. False. Many sites have housing available at no cost while some sites do not have housing therefore hotel accommodations are necessary at that site. Some sites have students share accommodations. If you had in mind, bringing your spouse along, then you must discuss that with the preceptor in advance to see if housing/lodging arrangement would permit this. Most sites do not have spousal accommodations available.

16. Select all.

17. Airline Passess, Hotel Receipts, and Complete evaluation of the experience. If you selected - A copy of the airline ticket you purchase, then please read the travel sheet again. You **do not** buy your own airline ticket—IHS prepays the ticket on an official government travel order. The IHS has no remedy for travelers who make the mistake of purchasing their own airline ticket.
