

The IHS Division of Diabetes  
Presents a Webinar

**Hospital to Home: Medication Interventions for Patients with Diabetes**  
**Wednesday, September 19, 2012**  
**1:00 – 2:00 pm MDT**

**Speakers:** Cynthia Corbett, PhD, RN  
Katherine Tuttle, MD, FASN, FACP  
Joshua Neumiller, PharmD, CDE, CGP, FASCP

**Target Audience:** Physicians, Nurses, Dietitians and other Healthcare Professionals

**Agenda**

- ❖ **Welcome/Continuing Education Credits**
- ❖ **Hospital to Home: Medication Interventions for Patients with Diabetes**
- ❖ **Q & A**
- ❖ **Survey/Certificate**

**Description:** This seminar will cover evidence- based medicine supporting the use of medication interventions in the transitional care of patients with diabetes as a way of reducing errors, improving outcomes, and lowering costs. The seminar will focus on medication interventions for patients who are transitioning from hospital to home.

**Objectives:** As a result of completing this training, participants will be able to:

1. Assess patients and identify those who would benefit from medication intervention in their transition from hospital to home.
2. Communicate the benefits of medication intervention in transitional care to health care team members.
3. Evaluate patient medications to assure safety and efficacy.
4. Identify one change you can make in your clinical or public health practice.

To obtain a certificate of continuing education, you must electronically register for the session, participate in the entire live internet activity and complete the online evaluation form by October 3, 2012.

## ACCREDITATION:

### Continuing Medical Education Credit

The Indian Health Service (IHS) Clinical Support Center is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.
