**Project Goals**

To work with the Wellness Committees in the Togiak Sub-Region and where there is none set up them. Work with the committees to set up an Injury Prevention component within the committee. Train all the committees on the injury data for their particular community and do a basic Injury Prevention training with the committee.

**Accomplishments for  
Year - 2006**

Wellness Committees set up in the communities of Twin Hills, Platinum and Goodnews Bay. Togiak and Manokotak had committees already. Togiak has an active committee. Manokotak needs more support to start projects.

**Activities**

- ❖ Community outreach to 5 sites meet with the Health Corporation employees and the village councils to promote IP program.
- ❖ Provided training for two communities with committees.
- ❖ 3 communities to form a committees and will request training (August 2006).
- ❖ Started two projects that was plan for the second year.
- ❖ Grant information was provided to the committees so they can apply for funds if they so choose.

**Services Available**

- Injury Prevention classes from Fire Safety to ATV
- Grant resources
- Training material and videos available.
- Technical assistance, i.e., guest speakers for presentations..
