

Pit River Health Services - Burney Health Clinic

Executive Summary

Summarizes the Site, Parking, Facility Size, Staff and Contract Health Dollars necessary for the Service Delivery Plan in 2015. Identifies the Direct Care Services Offered to include highlighting any new services. Identifies the communities and population served for each service. The second page of the Executive Summary documents the priority resource issues as identified through the Master Planning process.

Historical Utilization by Location of Encounter

Documents 3 years of RPMS and contract care workloads provided at the facility predominantly serving the Primary Care Service Area by product line and specialty.

Historical Utilization by Community of Residence

Documents 3 years of RPMS and contract care workloads provided to the user population of the Service Delivery Area by product line and specialty.

Market Assessment

Compares the Historical Workload to the Health System Planning software and to national averages of patient care utilization, projecting future workloads based upon the worst case of these three planning scenarios. Also documents the percentage of care that will require contracting due to acuity and the quantity of care that can potentially be served by the direct care system.

Service Delivery Plan

Recommended service delivery plan by product line based upon projected workload, key characteristics, patient classification and tribal and IHS input.

Resource Allocation

Quantifies the necessary space and key characteristics for the Service Delivery Plan and compares them against existing resources. Also tabulates necessary contract health dollars based on the delivery plan.

Executive Summary

Service Area Description

The Pit River Health Services - Burney Health Center, serving the Primary Care Service Area Communities listed to the left, is located in the city of Burney, California approximately 52 miles northeast of Redding.

As part of the Pit River Health Services Service Unit, it is a hub of primary care for Native Americans living in the northeast corner of Shasta county. It sends most of its referral workload to Burney. The closest alternative care options can be found in Burney & Redding (Primary & Secondary Care) and Redding & Sacramento (Tertiary Care).

As noted in the Service Summary to the left, the Burney Health Center plans to operate as a 40 hour per week Health Center with complete primary care services, dental, and behavioral health. Traditional healing, case management and preventive care services are also provided. In the Expanded Service Area #1 to the left, a list of services provided to its satellite facility planned for in 2015 is provided.

Facility Description

The Burney Health Facility, is part of a permanent structure housing 4 separate buildings. The entire structure is approximately 642 SM, originally opened in 1979. The healthcare clinic portion of the building occupies about 550 SM, or roughly 86% of the total space.
