Preface

This manual contains the installation guide for the Resource and Patient Management System (RPMS) Uniform Data System (UDS) Reporting System for calendar year 2011.

RPMS UDS Reporting is intended for use by Tribal or urban health facilities receiving grant funds for primary care system development programs administered by the Bureau of Primary Health Care (BPHC), Health Resources and Services Administration (HRSA). The RPMS UDS Reporting System provides passive extraction of patient and visit data from the Indian Health Service (IHS) RPMS to produce five of the 10 UDS reports required annually by BPHC grantees.

Note: Submit 2011 Uniform Data System data by February 15, 2012 in order to assure adequate time for review and correction of data errors prior to final submission. Changes to these data will be permitted until March 31, 2012.

The RPMS UDS Reporting System software will be reviewed annually and updated as needed as BPHC reporting requirements change.

Additional information about BPHC grants and BPHC UDS reporting can be found at the following Web site: <http://www.bphc.hrsa.gov/uds/>.

Rules of Behavior

All RPMS users are required to observe Department of Health and Human Services and IHS Rules of Behavior regarding patient privacy and the security of both patient information and IHS computers and networks. This document provides both RPMS and UDS Rules of Behavior.

1.0 About This Manual

This manual provides installation instructions for the Resource and Patient Management System (RPMS) Uniform Data System (UDS) Reporting System for CY 2011. The chapters included in the manual cover these main system components:

1. Installation notes
2. Installation instructions
3. Sample installation

1.1 Key Changes for Version 6.0

1.1.1 Menu Changes

- Reports Menu Changes
 - Renamed option “M”
From: Multiple/ALL Tables Zip through 7
To: Multiple/ALL Tables Zip through 9D
 - Added option “4”
4 Table 4: Selected Patient Characteristics
 - Added option “9D”
9D Table 9D: Patient-Related Revenue (Totals Only)
 - Added option “DR”
DR Table 9D: Patient-Related Revenue (Delimited Rept)
- MU Menu Changes
- LST Submenu Changes
 - Renamed option “LST”
From: LST1 Lists for Tables Zip Code, 3A&3B, 5, and 6A
To: LST1 Lists for Tables Zip Code, 3A&3B, 4, 5, and 6A
 - LST1 Submenu Changes
 - Added option “IPPL”
IPPL Income Percent of Poverty Level (Table 4)
 - Added option “PMIS”
PMIS Principle Third Party Medical Insurance (Table 4)

- Added option “CHAR”
CHAR Characteristics of Special Populations (Table 4)
- LST2 Submenu Changes
 - Added option “WAC1”
WAC1 All Patients 2-17 w/WT Assessment & Counseling
 - Added option “WAC2”
WAC2 All Patients 2-17 w/o WT Assessment & Counseling
 - Added option “AWS1”
AWS1 All Patients 18+ w/BMI & over/underweight w/plan
 - Added option “AWS2”
AWS2 All Patients 18+ w/o BMI or w/o follow-up plan
 - Added option “TUA1”
TUA1 All Patients 18+ w/tobacco use assessment
 - Added option “TUA2”
TUA2 All Patients 18+ w/o tobacco use assessment
 - Added option “TCI1”
TCI1 All Pts 18+ smokers/tobacco user w/intervention
 - Added option “TCI2”
TCI2 All Pts 18+ smokers/tobacco user w/o intervention
 - Added option “APT1”
APT1 All Asthma Pts 5-40 w/Asthma Therapy Medication
 - Added option “APT2”
APT2 All Asthma Pts 5-40 w/o Asthma Therapy Medication
- LST3 Submenu Changes
 - Renamed option “DMR2”
From: DMR2 All DM Pts w/A1c ≥ 7 & ≤ 9 by Race & Hisp Identity
To: DMR2 All DM Pts w/A1c ≥ 7 & < 8 by Race & Hisp Identity
 - Renamed option “DMR3”
From: DMR3 All DM Patients w/A1c > 9 by Race & Hisp Identity
To: DMR3 All DM Pts w/A1c ≥ 8 & ≤ 9 by Race & Hisp Identity
 - Added option “DMR4”
DMR4 All DM Pts w/o A1c or > 9 by Race & Hisp Identity

1.1.2 Table Name Changes

- Added Tables
 - Table 4– Characteristics of Special Populations (Table 4)
 - Table 9D– Characteristics of Special Populations (Table 9D)

1.1.3 Changes Applicable to All Tables and Patient Lists

- Added Patient Classification Selection for Reports and Patient Lists

1.1.4 Table 4–Selected Patient Characteristics

Added this new table which reports data on selected characteristics of health center patients (i.e., income as a percent of poverty level, principal third party medical insurance source, managed care utilization, and characteristics of targeted special populations).

1.1.5 Table 6B–Quality of Care Indicators

- Updated Section C (Childhood Immunizations) as follows:
 - Include two (2) Hepatitis A shots
 - Include two (2) or three (3) Rotavirus shots
 - Include two (2) influenza shots
- Added Section E: Weight Assessment and Counseling for Children and Adolescents
- Added Section F: Adult Weight Screening and Follow-up
- Added Section G1: Tobacco Use Assessment
- Added Section G2: Tobacco Cessation Intervention
- Added Section H: Asthma Pharmacological Therapy

1.1.6 Table 7–Health Outcomes and Disparities

- Updated table format
- Updated Section C (Diabetes By Race and Hispanic/Latino Identity) as follows:
 - Included column 3d: Patients with HBA1c $\geq 7\%$ and $< 8\%$
 - Included column 3e: Patients with HBA1c $\geq 8\%$ and $\leq 9\%$

1.1.7 Table 9D–Characteristics of Special Populations (Table 4)

Added this new table which collects information on charges, collections, supplemental payments, contractual allowances, self-pay sliding discounts, and self-pay bad debt write-off.

2.0 Introduction

Indian Health Service (IHS) RPMS UDS Reporting is intended for use by Tribal or urban health facilities receiving grant funds for primary care system development programs administered by the Bureau of Primary Health Care (BPHC), Health Resources and Services Administration (HRSA). The RPMS UDS Reporting System provides passive extraction of patient and visit data from the RPMS to produce 9 of the 11 UDS reports. For each of the seven reports, RPMS UDS also produces lists of all patients and related visits that are counted in the reports.

Note: The UDS 2011 reports are due to BPHC on or before February 15, 2012 in order to ensure adequate time for review and correction of data errors prior to final submission. Changes to these data will be permitted until March 31, 2012.

RPMS UDS Reporting System software will be reviewed annually and updated as needed as BPHC reporting requirements change.

2.1 About the BPHC Uniform Data System (UDS)

The BPHC UDS is an integrated reporting system used by all grantees of the following primary care programs administered by the Bureau of Primary Health Care, Health Resources and Services Administration:

- Community Health Center, as defined in Section 330(e) of the Health Centers Consolidation Act as amended.
- Migrant Health Center, as defined in Section 330(g) of the Act.
- Health Care for the Homeless, as defined in Section 330(h) of the Act.
- Public Housing Primary Care, as defined in Section 330(i) of the Act.

BPHC collects data on its programs to ensure compliance with legislative mandates and to report to Congress, the Office of Management and Budget (OMB), and other policy makers on program accomplishments. To meet these objectives, BPHC requires grantees submit a core set of information annually that is appropriate for monitoring and evaluating performance and for reporting on annual trends. The UDS is the vehicle used by BPHC to obtain this information.

UDS reports provide a comprehensive picture of all activities within the scope of BPHC-supported projects. Grantees should report on the total unduplicated number of patients and activities within the scope of projects supported by any and all BPHC primary care programs covered by the UDS.

See the Quick Reference Guide in the BUD User Manual for relevant excerpts from the BPHC Uniform Data System Manual. Additional information can be obtained from the following Web site: <http://www.bphc.hrsa.gov/uds/>

2.2 RPMS UDS Reporting System Overview

The RPMS UDS Reporting System is a software tool that produces seven of the 10 reports required annually by BPHC grantees. These reports provide an overview of patients and visits at a grantee facility, including number, age, gender, zip code of residence, and race/ethnicity of patients and number of visits by provider type and by key diagnoses and services, quality of care indicators and health outcome and disparities. The system produces the following reports:

- Patients by Zip Code
- Table 3A Patients by Age and Gender
- Table 3B Patients by Hispanic or Latino Identity/Race/Language
- Table 4 Selected Patient Characteristics
- Table 5 Staffing and Utilization (Columns B and C)
 - Table 6A Selected Diagnoses and Services Rendered
 - Table 6B Quality of Care Indicators
 - Table 7 Health Outcome and Disparities
 - Table 9D Patient-Related Revenue

Additionally RPMS UDS will provide the following lists to assist in verifying data:

- LST1–Lists for Tables Zip Code, 3A&3B, 4, 5, and 6A
 - Patient list by zip code, used with the ZIP table
 - Patient list with age and gender information about the patient and a list of all visits for the patient during the report period, used with Table 3A
 - Patient list with Hispanic Identity and race information about the patient and a list of all visits for the patient during the report period, used with Table 3B
 - Patient List used with Table 4, Income As A Percent Of Poverty Level section (Number of patients with an Income as A Percent of Poverty Level (i.e. =<100%, 101-150%, 151-200%, >200%, Unknown))
 - Patient List used with Table 4, Principle Third Party Medical Insurance Source section (Number of patients with or without a Principle Third Party Medical Insurance Source)

- Patient List used with Table 4, Characteristics - Special Populations section (Number of patients with Characteristics of Special Populations (i.e., migrant workers, seasonal workers, homeless, school based health center patient, or a veteran))
- Provider list categorized by BPHC-defined categories to assist in manual calculations of Table 5 Column A (Staffing FTEs)
- Patient list categorized by UDS-defined service categories (primary provider code) and showing all patients with visits to that provider type during the report period, used with Table 5, Columns B (Visits) and C (Patients)
- Patient list showing visits to whom the primary provider was uncategorized (i.e. did not map to the BPHC-defined categories), used with Table 5, Columns B (Visits) and C (Patients)
- Patient list categorized by selected diagnoses (primary POV) and other services, used with Table 6A
- LST2–Lists for Table 6B
 - Patient list by age that had pregnancy-related visits during the past 20 months with at least one pregnancy-related visit during the report period, used with Table 6B.
 - Patient list of two-year-old patients who had their first visit prior to their second birthday, had a medical visit during the report period, and have all required childhood immunizations, used with Table 6B.
 - Patient list of two-year-old patients who had their first visit prior to their second birthday, had a medical visit during the report period, and list the immunizations still needed to complete all required childhood immunizations, used with Table 6B.
 - Patient list of all female patients ages 24–64 who have not had a hysterectomy, had a medical visit during the report period, were first seen in the clinic by their 65th birthday, and had a Pap test in the past three years, used with Table 6B.
 - Patient list of all female patients ages 24–64 who have not had a hysterectomy, had a medical visit during the report period, were first seen in the clinic by their 65th birthday, and did not have a Pap test in the past three years, used with Table 6B.
 - Patient list of all children and adolescents ages 2-17 who had a medical visit during the report period, were first seen ever by the grantee prior to their 17th birthday, and had BMI documented and counseling for nutrition and physical activity during the report period, used with Table 6B.
 - Patient list of all children and adolescents ages 2-17 who had a medical visit during the report period, were first seen ever by the grantee prior to their 17th birthday, and did not have BMI documented or counseling for nutrition and physical activity during the report period, used with Table 6B.

- Patient list of all adults age 18 or older who had a medical visit during the report period and had BMI documented and if overweight or underweight, a follow-up plan documented, used with Table 6B.
- Patient list of all adults age 18 or older who had a medical visit during the report period and did not have BMI documented or if overweight or underweight, did not have a follow-up plan documented, used with Table 6B.
- Patient list of all adults age 18 or older who had a medical visit during the report period, at least two medical visits ever, and had tobacco use assessed during the report period or the year prior, used with Table 6B.
- Patient list of all adults age 18 or older who had a medical visit during the report period, at least two medical visits ever, and *did not* have tobacco use assessed during the report period or the year prior, used with Table 6B.
- Patient list of all adults age 18 or older who had a medical visit during the report period, at least two medical visits ever, used tobacco products within the past 24 months, and who received tobacco cessation counseling or smoking cessation agents during the report period or the year prior, used with Table 6B.
- Patient list of all adults age 18 or older who had a medical visit during the report period, at least two medical visits ever, used tobacco products within the past 24 months, and who *did not* receive tobacco cessation counseling or smoking cessation agents during the report period or the year prior, used with Table 6B.
- Patient list of all patients ages 5-40 with a diagnosis of mild, moderate or severe persistent asthma who had a medical visit during the report period, at least two medical visits ever, who received a prescription for or provided inhaled corticosteroid or an accepted alternative medication, used with Table 6B.
- Patient list of all patients ages 5-40 with a diagnosis of mild, moderate or severe persistent asthma who had a medical visit during the report period, at least two medical visits ever, who *did not* receive a prescription for or provided inhaled corticosteroid or an accepted alternative medication, used with Table 6B.
- LST3–Lists for Table 7
 - Patient list of patients that had pregnancy-related visits during the past 20 months, with at least one pregnancy-related visit during the report period, and who have been diagnosed with HIV, used with Table 7 Section A.
 - Patient list by race and Hispanic or Latino identity of patients that had pregnancy-related visits during the past 20 months, with at least 1 pregnancy-related visit during the report period, used with Table 7 Section A.
 - Patient list by race and Hispanic or Latino identity of patients ages 18 to 85 years old who have had two medical visits during the report period and were diagnosed with hypertension before June 30 of the report period, used with Table 7 Section B.

- Patient list by race and Hispanic or Latino identity of patients ages 18 to 85 years old who have had two medical visits during the report period, were diagnosed with hypertension before June 30 of the report period, and who have controlled blood pressure (<140/90 mm Hg) during the report period, used with Table 7 Section B.
- Patient list by race and Hispanic or Latino identity of patients ages 18 to 85 years old who have had two medical visits during the report period, were diagnosed with hypertension before June 30 of the report period, and who do not have controlled blood pressure (<140/90 mm Hg) during the report period, used with Table 7 Section B.
- Patient list by race and Hispanic or Latino identity of patients ages 18 to 75 years old who have had two medical visits during the report period, with a diagnosis of Type I or Type II diabetes anytime through the end of the report period, and without a diagnosis of polycystic ovaries, gestational diabetes, or steroid-induced diabetes, used with Table 7 Section C.
- Patient list by race and Hispanic or Latino identity of patients ages 18 to 75 years old who have had two medical visits during the report period, with a diagnosis of Type I or Type II diabetes anytime through the end of the report period, and without a diagnosis of polycystic ovaries, gestational diabetes, or steroid-induced diabetes and with a most recent hemoglobin A1c of less than 7%, used with Table 7 Section C.
- Patient list by race and Hispanic or Latino identity of patients ages 18 to 75 years old who have had two medical visits during the report period, with a diagnosis of Type I or Type II diabetes anytime through the end of the report period, and without a diagnosis of polycystic ovaries, gestational diabetes, or steroid-induced diabetes and with a most recent hemoglobin A1c greater than or equal to 7% and less than 8%, used with Table 7 Section C.
- Patient list by race and Hispanic or Latino identity of patients ages 18 to 75 years old who have had two medical visits during the report period, with a diagnosis of Type I or Type II diabetes anytime through the end of the report period, and without a diagnosis of polycystic ovaries, gestational diabetes, or steroid-induced diabetes and with a most recent hemoglobin A1c greater than or equal to 8% and less than or equal to 9%, used with Table 7 Section C.
- Patient a list by race and Hispanic or Latino identity of patients ages 18 to 75 years old who have had two medical visits during the report period, with a diagnosis of Type I or Type II diabetes anytime through the end of the report period, and without a diagnosis of polycystic ovaries, gestational diabetes, or steroid-induced diabetes and with a most recent hemoglobin A1c greater than 9%, or with an A1c with no result, or with no A1c test during the report period, used with Table 7 Section C.

You can run reports for individual quarters as well as for the entire calendar year.

Note: Tables 6B and 7 must be run using the Full Calendar Year option. If these reports are run using the Quarterly options, the totals combined will not match the calendar year totals.

The RPMS UDS also includes an option to save all patients that meet the BPHC definition of a patient to an RPMS search template, where it can be used to assist the user with preparing the other needed reports that are submitted to BPHC.

Note: BPHC reporting is based on calendar year (January through December) rather than fiscal year (October through September).

See the “Report Descriptions” section in the BUD User Manual for a description of the detailed logic for each report.

3.0 Installation Notes

Prefix: BUD

Current Version: 6.0

3.1 Contents of Distribution

File	Description
bud_0600.k	Kernel Installation & Distribution System (KIDS) file containing software
bud_060i.pdf	Installation guide in PDF format
bud_060t.pdf	Technical manual in PDF format
bud_060u.pdf	User's guide in PDF format

3.2 Required Resources

- Kernel V 8.0 or higher
- FileMan 21 or higher

3.3 Before You Begin: Installation Issues

- Make a copy of this distribution for off-line storage.
- Print a copy of all notes and/or readme files.
- Capture the terminal output during the installation using an auxport printer attached to the terminal at which you are performing the software installation. This will ensure a printed audit trail if any problems should arise.

4.0 Installation Instructions

In all UCIs running the RPMS UDS Reporting System:

1. Ensure that users are unable to use the RPMS UDS Reporting System for the duration of this installation. Installation takes approximately 5 minutes.
2. Save all routines (^%RO(CACHE)) and globals (^%GO(CACHE)) in the BUD* namespace for use in returning to your existing version, if needed.

Note: If this is a first-time install, there will be no routines or globals in this namespace.

3. Delete all routines (^%RDELETE (cache)) in the BUD namespace (if any exist).

Note: This installation is a KIDS install. If you have any questions about how to perform a KIDS installation, please contact your area information systems support personnel.

4. Install bud_0600.k. This file is the KIDS file for the RPMS UDS Reporting System.
 - a. Load the distribution into KIDS using Option 1 on the KIDS Installation menu.
 - b. Verify the load using Option 2 on the KIDS Installation Menu.
 - c. Consider using the Options 3 and 4 on the KIDS Installation Menu to print and compare the transport.
 - d. Install the distribution using Option 6 on the KIDS Installation Menu.
5. After the installation is complete, assign security key BUDZMENU to all users of this package at the service unit level. If this package is being installed at an Area Office, the BUDZMENU and BUDZMGR keys also need to be assigned to users of the package.

5.0 Sample Installations

```

KIDS  Kernel Installation & Distribution System ...
