

# Scenario

Create a panel of patients who have been diagnosed with Diabetes Mellitus, Obesity, and Hypertension and who reside in the same community taxonomy as Bob Best Practices.

**On the Desktop Double click on the  
iCare icon.**

Enter your RPMS Access and Verify Codes that you have been assigned to log in to the RPMS server, then click on OK.

The image shows a Windows-style dialog box titled "RPMS Login". The title bar is blue and contains the text "RPMS Login" on the left and three standard window control buttons (minimize, maximize, close) on the right. The main area of the dialog is light beige and contains two text input fields. The first field is labeled "RPMS Access Code:" and the second is labeled "RPMS Verify Code:". Below these fields is a section titled "Description" which contains the text: "Use this panel to enter the Access and Verify codes that you use to log in to the RPMS server." At the bottom right of the dialog are two buttons: "OK" and "Cancel".

## Layouts Tab

Click on Edit Nat'l Measures Layout

Click on Performance (+) sign to expand Performance Tree;  
there are 4 Performance Categories;

The screenshot shows a software window titled "blah - Nat'l Measures Layout" with a blue title bar and a close button in the top right corner. The window is divided into several sections for configuring data display and sorting.

**Available Columns:** A tree view on the left shows a hierarchy starting with "DEMOGRAPHICS" and "PERFORMANCE". Under "PERFORMANCE", there are four sub-categories: "DEVELOPMENTAL", "NATIONAL GPRA", "NON NATIONAL", and "OTHER NATIONAL".

**Display Columns:** A list on the right shows various data fields. The first item, "Patient Name", is italicized. Below it are "HRN", "Sex", "Age", "DOB", "Designated PCP", "Community", "Active DX Tags", "Date/Time Added", "Alcohol Screen Females 15-44", "Depression: Screening or Diagnosis 18+", "IPV/DV Screen Females 15-40", "Colorectal Cancer Screen 51-80", "Mammogram Rates 52-64", and "Pap Smear Rates 21-64".

**Sort Columns:** A list on the right shows "Patient Name ASC".

**Available Sorts:** A tree view on the left shows various clinical measures, including "DM: BP Controlled <130/80", "DM: LDL Assessed", "DM: Nephropathy Assessed", "DM: Prevalence (DX Ever)", "DM: Retinal Evaluation", "Immunizations" (with sub-items "Influenza IZ 65+", "Peds IZ 4:3:1:3:3 Active Clinical", "Peds IZ 4:3:1:3:3 Active IMM", "Pneumovax Ever 65+"), and "Other Clinical".

Buttons for "Add >", "< Remove", "Up", "Down", "Switch Sort Direction", "OK", "Reset", and "Cancel" are positioned around the configuration areas.

Click on the Remove Button to move all the highlighted Performance Measures in the Display Column box on the right to the Available columns box on the left.

The screenshot shows a software window titled "blah - Nat'l Measures Layout" with a blue title bar and a close button in the top right corner. The window is divided into four main sections:

- Available Columns:** A tree view on the left containing:
  - DEMOGRAPHICS
  - PERFORMANCE
    - DEVELOPMENTAL
    - NATIONAL GPRA
    - NON NATIONAL
    - OTHER NATIONAL

Buttons "Add >" and "< Remove" are located between the Available Columns and Display Columns sections.

- Display Columns:** A list on the right containing various performance measures, with several items highlighted in blue. A note above the list reads "Italicized columns are required". Buttons "Up" and "Down" are on the right side of this list.

- Available Sorts:** A tree view on the left containing:
  - DM: BP Controlled <130/80
  - DM: LDL Assessed
  - DM: Nephropathy Assessed
  - DM: Prevalence (DX Ever)
  - DM: Retinal Evaluation
  - Immunizations
    - Influenza IZ 65+
    - Peds IZ 4:3:1:3:3 Active Clinical
    - Peds IZ 4:3:1:3:3 Active IMM
    - Pneumovax Ever 65+
  - Other Clinical

Buttons "Add >" and "< Remove" are located between the Available Sorts and Sort Columns sections.

- Sort Columns:** A list on the right containing "Patient Name ASC". Buttons "Up", "Down", and "Switch Sort Direction" are on the right side of this list.

At the bottom of the window are three buttons: "OK", "Reset", and "Cancel".

# Click on National GPRA (+) sign;

**GPRA04 Communities - Nat'l Measures Layout**

Available Columns:

- DEMOGRAPHICS
- PERFORMANCE
  - DEVELOPMENTAL
  - NATIONAL GPRA
    - Behavioral Health
    - Cancer-Related
    - CVD-Related
    - Dental
    - Diabetes
    - Immunizations
    - Other Clinical
    - STI-Related
  - NON NATIONAL
  - OTHER NATIONAL

Display Columns: *Italicized columns are required*

- Patient Name*
- BMI: Assessed Obese 2-74*
- HAN*
- DOB*

Available Sorts:

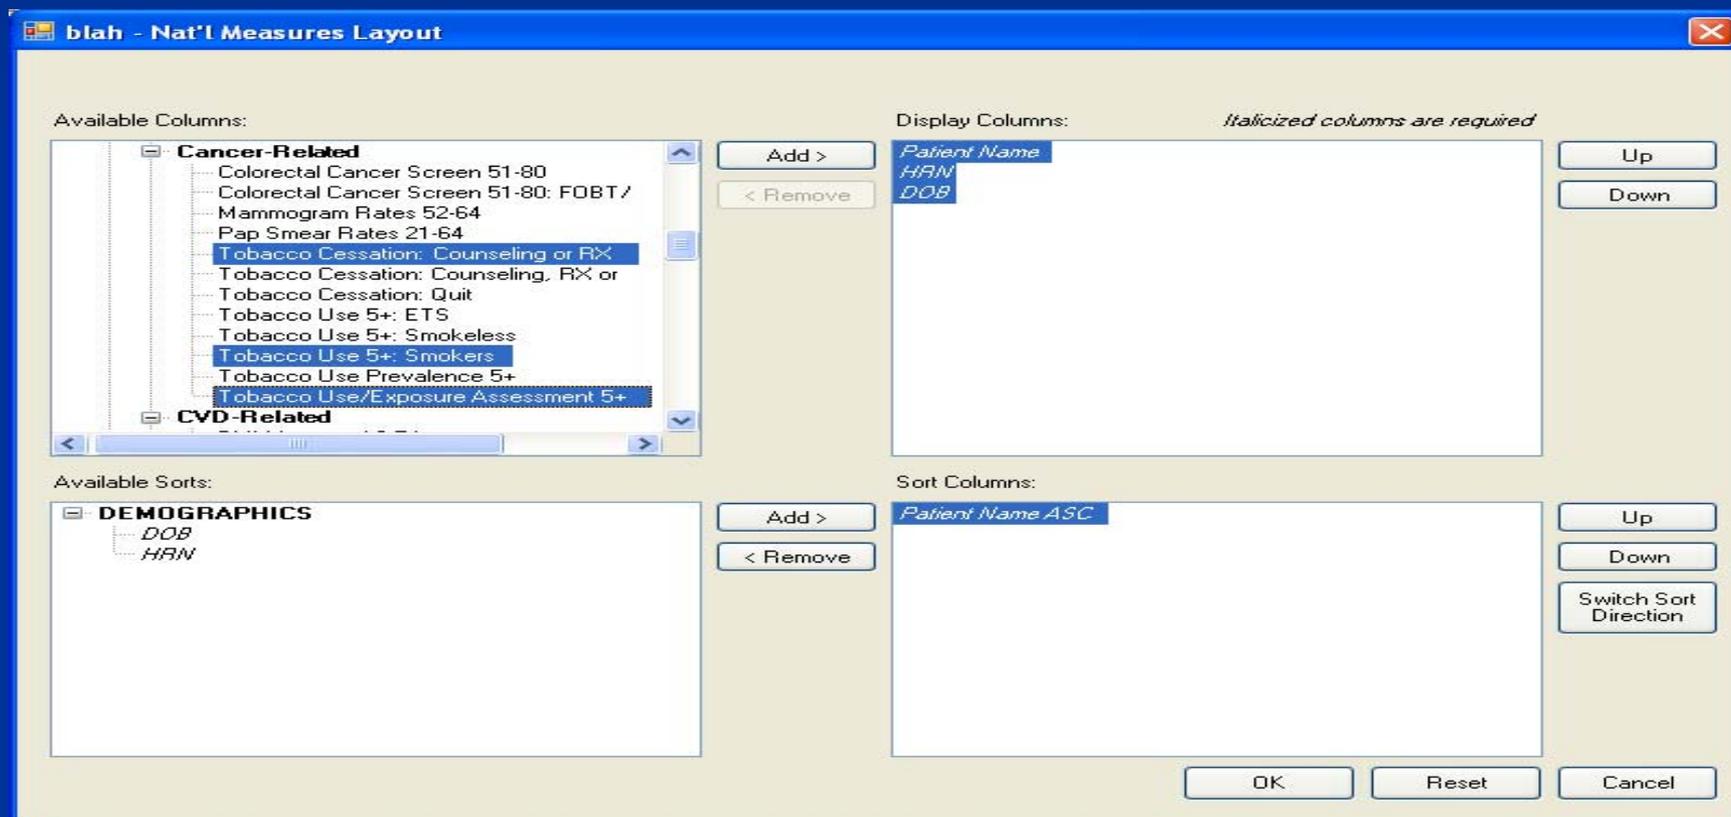

- DEMOGRAPHICS
  - DOB
  - HAN
- PERFORMANCE
  - NATIONAL GPRA
    - CVD-Related
      - BMI: Assessed Obese 2-74

Sort Columns:

- Patient Name ASC*

Buttons: Add >, < Remove, Up, Down, Switch Sort Direction, OK, Reset, Cancel

Click on Cancer-Related (+) sign. Hold down CTRL key and click on Tobacco Cessation, Counseling or Rx, Tobacco Use-Smokers, and Tobacco Use/Exposure Assessment then click the Add button to move highlighted measures to Display columns box.

Click on CVD related (+) sign. Hold down CTRL key and click on BMI-Assessed Obese 2-74 and BMI assessed Overweight 2-74 then click the Add button to move highlighted selections to Display columns box.

The screenshot shows a software window titled "blah - Nat'l Measures Layout" with a blue title bar and a close button in the top right corner. The window is divided into four main sections:

- Available Columns:** A tree view on the left showing a hierarchy. Under "CVD-Related", the following items are listed: "BMI Measured 2-74", "BMI: Assessed Obese 2-74", "BMI: Assessed Overweight 2-74", "BMI: Assessed Overweight or Obese 2-", "IHD: BMI Measured (Comp Assessment)", "IHD: BP Assessed (Comp Assessment)", "IHD: Comp CVD Assessment", "IHD: Depression Screen", "IHD: LDL Assessed (Comp Assessment)", "IHD: Lifestyle Counsel (Comp Assessm)", "IHD: Tobacco Use Assessed (Comp Ass", and "Obese Children 2-5". The last three items are highlighted with a blue selection box.
- Display Columns:** A list on the right containing "Patient Name", "HAN", and "DOB". The text "Italicized columns are required" is positioned above this list. To the left of this list are "Add >" and "< Remove" buttons. To the right are "Up" and "Down" buttons.
- Available Sorts:** A list on the left containing "DEMOGRAPHICS", "DOB", and "HAN".
- Sort Columns:** A list on the right containing "Patient Name ASC". To the left of this list are "Add >" and "< Remove" buttons. To the right are "Up", "Down", and "Switch Sort Direction" buttons.

At the bottom of the window, there are three buttons: "OK", "Reset", and "Cancel".

Click on Scroll down arrow to find the Diabetes tree; click on Diabetes (+) sign; highlight all the Performance Measures for A1c, BP, and LDL then click the Add button to move selections to Display Columns box.

The screenshot shows a software window titled "GPRA04 Communities - Nat'l Measures Layout". The window is divided into several sections for configuring data display:

- Available Columns:** A tree view on the left shows a hierarchy. Under the "Diabetes" folder, several performance measures are highlighted in blue: "DM: A1c Documented", "DM: A1c Glycemic Control Ideal <7", "DM: A1c Glycemic Control Poor >9.5", "DM: BP Assessed", "DM: BP Controlled <130/80", "DM: LDL Assessed", and "DM: LDL Low <=100".
- Available Sorts:** A list on the left shows "DEMOGRAPHICS" expanded to include "DOB" and "HAN".
- Display Columns:** A central box on the right contains the selected performance measures: "Patient Name", "HAN", and "DOB". The text "Italicized columns are required" is visible above this box.
- Sort Columns:** A central box on the right contains the selected sort criteria: "Patient Name ASC".

Navigation and control buttons are present throughout the interface, including "Add >", "< Remove", "Up", "Down", "Switch Sort Direction", "OK", "Reset", and "Cancel".

Optional: Non-National Measures. Click on the Scroll down arrow and click on Non-National (+) sign. Click on CVD-Related (+) sign. Choose one or two measures you would like displayed, click on Add button.

The screenshot shows a software window titled "GPRA04 Communities - Nat'l Measures Layout". It is divided into four main sections for configuring data display:

- Available Columns:** A tree view on the left shows a hierarchy starting with "NON NATIONAL", followed by "CVD-Related". Under "CVD-Related", several measures are listed, with "23+: LDL 131-160" and "23+: LDL 101-130" selected and highlighted in blue.
- Display Columns:** A list on the right shows the selected measures being added to the display. The list includes "Patient Name", "HFN", "BMI: Assessed Obese 2-74", "DM: A1c Documented", "DM: A1c Glycemic Control Ideal <7", "DM: A1c Glycemic Control Poor >9.5", "DM: BP Assessed", "DM: BP Controlled <130/80", "DM: LDL Assessed", "DM: LDL Low <=100", and "DOB".
- Available Sorts:** A list on the bottom left shows "PERFORMANCE" with "NATIONAL GPRA" selected and highlighted in blue.
- Sort Columns:** A list on the bottom right shows "Patient Name ASC" selected and highlighted in blue.

Navigation and control buttons are present throughout the interface, including "Add >", "< Remove", "Up", "Down", "Switch Sort Direction", "OK", "Reset", and "Cancel". A note at the top right of the "Display Columns" section states "Italicized columns are required".

Optional: Non-National Measures. Click on the Scroll down arrow and click Diabetes (+) sign. Choose one or two measures you would like displayed, click on Add button.
