# Community Alerts Splash Screen

Suicidal Behavior

CDC NND

Public Health

The screenshot shows a web application window titled "iCare Community Alerts". The main heading is "COMMUNITY ALERTS". Below the heading, there is a brief description: "Community Alerts provide deidentified visit data related to high-profile diagnoses that occurred within the past 30 days and may affect other patients in your community. The Alert categories are:" followed by a list: "1. CDC Nationally Notifiable Infectious Diseases (CDC NND)" and "2. Suicidal Behavior Related Incidents". Below this is a table with the following columns: "Community", "Type", "Diagnosis", "Number of Cases", and "Most Recent Occurrence".

Community	Type	Diagnosis	Number of Cases	Most Recent Occurrence
ALBUQUERQUE	Public Health	ILI	1	Oct 21, 2009
BIRDTOWN	CDC NND	Giardia	1	Sep 27, 2009
	Public Health	ILI	1	Oct 21, 2009
FLORIDA UNK			1	Oct 21, 2009
MASSACHUSETTS UNK			1	Oct 21, 2009
MURPHY	CDC NND	Hantavirus	1	Sep 30, 2009
	Public Health	ILI	1	Oct 21, 2009
