

# **HIE: AN ESSENTIAL BUILDING BLOCK FOR IMPROVING CALIFORNIANS' HEALTH AND HEALTH CARE**

---

**Pamela L. Lane, MS, RHIA, CPHIMS**

Deputy Secretary, Health Information Exchange  
California Health and Human Services Agency

# California State Innovation Model (CaSIM)

California will be home to the highest quality and most efficient health care system in the country.

## The Triple Aim

Better Health · Better Health Care · Lower Costs 

## Goals

Reward Value and Innovation · Improve Quality of Care ·  
Promote Care Coordination · Create Transparency ·  
Foster Competition

## Target

**By 2022:** California's Annual Growth Rate (CAGR) for health expenditures to be in line with the rate of growth in GDP<sup>1</sup>  
**By 2016:** To be determined

## Framework

### Measuring Cost, Quality, and Health

		Costs		Quality	Population Health
		Geography	Top 20 Episodes	NQF Quality Metrics	LGHC Dashboard
Commercial	HMO				
	Non-HMO				
Medi-Cal	Managed Care				
	Non-Managed Care				
Medicare	Medicare Advantage				
	Non-Managed Care				

### Reform Strategies: A Call to Action

	Transformational Strategies † Payment Reform ‡ Private Sector § Public Policy	Incentives
High Risk Population / End of Life		←
Medium Risk Population		←
Low Risk Population		←

### Building Blocks:

# California State Innovation Model (CalSIM) Vision Statement and Goals

California will be home to the highest quality and most efficient health care system in the country.

## The Triple Aim

Better Health · Better Health Care · Lower Costs

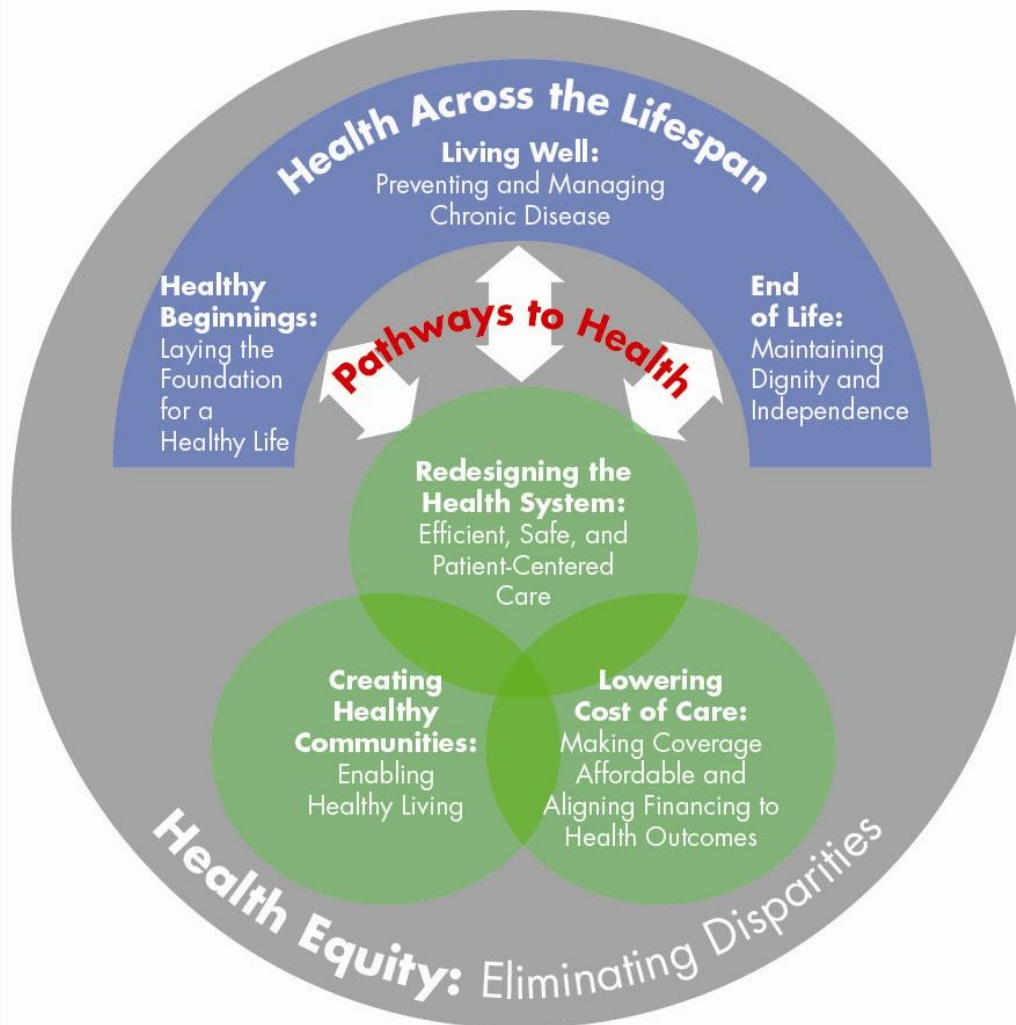

## Goals

Reward Value and Innovation · Improve Quality of Care ·  
Promote Care Coordination · Create Transparency ·  
Foster Competition

# Let's Get Healthy California Framework

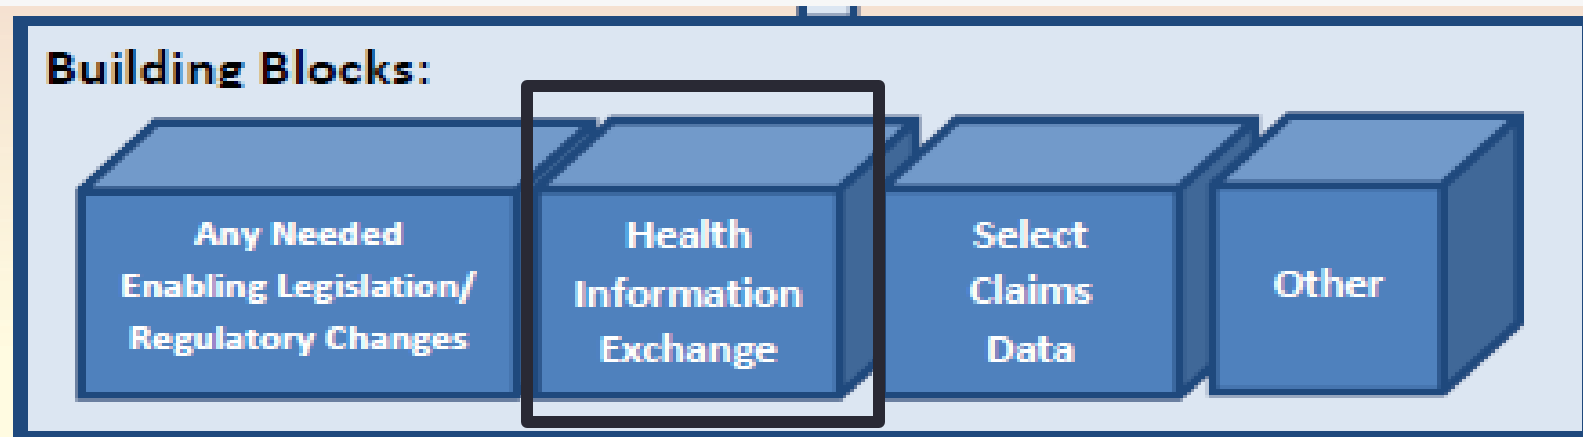

## The Triple Aim:

Better Health • Better Care • Lower Costs

# CaSIM Building Blocks

- **Enhance individual and population health outcomes through results-oriented programs.**
- Ensure secure data access that protects patient privacy and data integrity.
- Engage patients and families as partners in care

## 2. Living Well

### Preventing and Managing Chronic Disease

Priority	Indicator
<b>↑ Health status</b>	14. Self-reported health status as good, very good or excellent
<b>↑ Fitness and healthy diets</b>	15. Adults who meet physical activity guidelines 16. Sugary sweetened beverage consumption 17. Fruit and vegetable consumption
<b>↓ Tobacco use</b>	18. Smoking rates
<b>↑ Controlled high blood pressure and high cholesterol</b>	19. Percent of adults with hypertension who have controlled high blood pressure 20. Percent of adults with high cholesterol who are managing the condition
<b>↓ Obesity and diabetes</b>	21. Obesity rates 22. Diabetes prevalence
<b>↑ Mental health and well-being</b>	23. Proportion of adults and adolescents with a major depressive episode <i>Indicator Development Needed: Effective treatment of depression</i>
