Division of Information Technology

Table of Contents

Preface

This document is used to assist Indian Health Service (IHS) sites in the setup and installation of the 2015 Certified Health Information Technology (CHIT) packages released in Phase 1. These instructions have been compiled to facilitate any preparation for a system that will be upgraded to 2015 CHIT status.

1.0   Release Notes

All national release packages must be installed prior to 2015 CHIT certification packages.

2.0   Checklist

Table 2-1: CHIT 2015 installation instructions

Complete (Y/N)	Time Frame	Instructions	Notes
	Month before	Install all the pre-requisite packages	See Section 3.0
	Month before	Upgrade to HealthShare 2017.2.2 and install related packages	See Section 4.0
	Before CHIT upgrade	Make sure system is updated with all national released packages	See Section 5.0
	Before CHIT upgrade	Determine contingency plan	See Section 6.0
	Before CHIT upgrade	Create backup	See Section 7.0
	CHIT Install	Install 2015 CHIT Phase 1 release packages	See Section 8.0

3.0   Pre-requisite Packages

Install the packages listed in Table 3-1 and make sure the system is updated with all nationally released packages.

Table 3-1: Required packages by namespace, name, version, and patch

Namespace	Package name	Version	Patch	Installed at Site (Y/N)	In Use at Site (Y/N)
XU	Kernel	8.0	1019		
DI	FileMan	22.0	1019		
XT	Kernel Toolkit	7.3	1018		
BCQM	Clinical Quality Measures (IHS Code Mapping)	1.0	5		
EHR	Electronic Health Record	1.1	27		
APSP	IHS Pharmacy MOD	7.0	1024		
APCL	PCC Management Report	3.0	31		
BEDD	IHS Emergency Department Dashboard	2.0	4		

Return to the checklist in Section 2.0.

4.0 HealthShare 2017.2.2

Upgrade to HealthShare 2017.2.2 and install all required releases related to HealthShare 2017.2.2. This is a controlled released. Please contact the Area office to schedule the mandatory training before receiving and installing the packages.

Return to the checklist in Section 2.0.

5.0   National Release Package List

Please make sure your system is updated with all the nationally released packages. The full list of Resource and Patient Management System (RPMS) software releases are available in the following IHS document posted to the IHS website: https://www.ihs.gov/sites/RPMS/SRCB/newsrcb.pdf.

Return to the checklist in Section 2.0.

6.0   Contingency Plan

If the site is a 24/7 site, have a contingency plan in place.

Prepare a view-only copy of the site database with EHR installed.

Return to the checklist in Section 2.0.

7.0   Create the Backup File

Test the backup by performing a restore in a different location.

Return to the checklist in Section 2.0.

8.0   2015 CHIT June Release
