The Merit-based Incentive Payment System (MIPS)

or

Advanced
Alternative
Payment Models
(APMs)

- ✓ First step to a fresh start
- ✓ CMS is listening and help is available.
- ✓ A better, smarter Medicare for healthier people
- ✓ Pay for what works to create a Medicare that is enduring.

Quality Payment Program: Two Paths

Health care providers to take part in CMS' quality programs in one of two ways:

- 1. Merit-Based Incentive Payment System (MIPS)
- 2. Advanced Alternative Payment Models (APMs)

Advanced Alternative Payment Models (APMs)

If you decide to take part in an Advanced APM, you may earn a Medicare incentive payment for participating in an innovative payment model.

The Merit-based Incentive Payment System (MIPS)

If you decide to participate in traditional Medicare, you may earn a performance-based payment adjustment through MIPS.

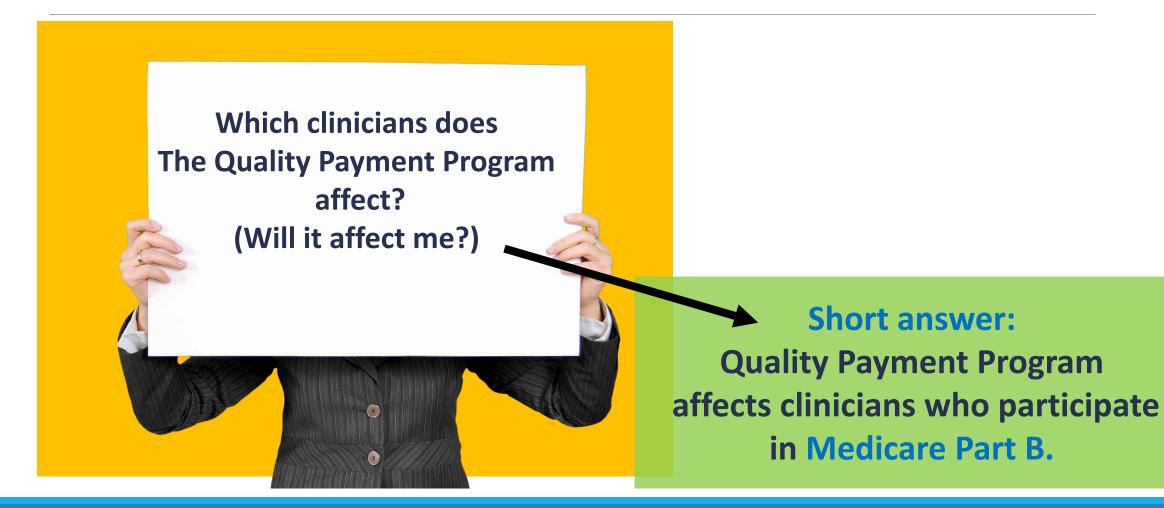

Who Participates?

Clinician Impact

Who Will Participate in MIPS?

Medicare Part B clinicians billing more than \$30,000 a year AND providing care for more than 100 Medicare patients a year.

Affected clinicians are called "MIPS eligible clinicians" and will participate in MIPS.

Note: MIPS does not apply to hospitals or facilities (Part A)

Small, Rural and Health Professional Shortage Areas (HPSAs) Exceptions

- Established low-volume threshold
 - Less than or equal to \$30,000 in Medicare Part B allowed charges <u>or</u> less than or equal to 100 Medicare patients

Reporting Categories under MIPS

Medicare Reporting Prior to MACRA

Currently there are multiple quality and value reporting programs for Medicare clinicians:

Physician Quality
Reporting Program
(PQRS)

Value-Based
Payment Modifier
(VM)

Medicare Electronic
Health Records (EHR)
Incentive Program
(Meaningful Use)

The Quality Payment Program/ MACRA streamlines those programs into MIPS

MIPS Performance Categories

How will physicians and practitioners be scored under MIPS?

A single MIPS composite performance score will factor in performance in **4 weighted performance categories on a 0-100 point scale**:

CMS Resources

Contact the Quality Payment Program:

Visit <u>app.cms.gov</u> or email <u>QPP@cms.hhs.gov</u> or call 1-866-288-8292 (Mon-Fri 8 AM to 8 PM ET). TTY users can call 1-877-715-6222.

CMS has organizations on the ground to provide help to clinicians who are eligible for the Quality Payment Program:

Transforming Clinical Practice Initiative (TCPI): TCPI is designed to support more than 140,000 clinician practices over the next four years in sharing, adapting and further developing their comprehensive quality improvement strategies. Clinicians participating in TCPI will have the advantage of learning about MIPS and how to move toward participating in Advanced APMs. Click here to find help in your area.

Quality Innovation Network-Quality Improvement Organizations (QIN-QIOs): The QIO Program's 14 QIN-QIOs bring Medicare beneficiaries, providers and communities together in data-driven initiatives that increase patient safety, make communities healthier, better coordinate post-hospital care, and improve clinical quality. More information about QIN-QIOs can be found here.

If you are in an APM: The Innovation Center's Learning Systems can help you find specialized information about what you need to do to be successful in the Advanced APM track. If you are in an APM that is not an Advanced APM, then the Learning Systems can help you understand the special benefits you have through your APM that will help you be successful in MIPS. More information about the Learning Systems is available through your model's support inbox.

List is being prepared of those Organizations available for Support in your States.
