*The Advances in Indian Health (AIH) Conference is Indian Country's Primary Care Conference* and is offered for primary care physicians, nurse practitioners, physician assistants, nurses, pharmacists and other clinicians who work with American Indian and Alaskan Native (AI/AN) populations at federal, tribal and urban sites.

Both new and experienced attendees will learn about advances in clinical care specifically relevant to AI/AN populations, with special emphasis on diabetes, substance abuse and mental health issues. Opportunities to learn from experienced career clinicians who are experts in Native people's health will be emphasized. Indian Health Service Chief Clinical Consultants and disease control program directors will be available for consultation and program development.

The conference format includes three and a half days of lectures and workshops. To view the 2009 brochure and, when available, the 2010 brochure go to the UNM CME web site at <http://hsc.unm.edu/cme>.
