Funds appropriated to the Indian Health Service in this Act, except those used for administrative and program direction purposes, shall not be subject to limitations directed at curtailing Federal travel and transportation.

None of the funds made available to the Indian Health Service in this Act shall be used for any assessments or charges by the Department of Health and Human Services unless identified in the budget justification and provided in this Act, or approved by the House and Senate Committees on Appropriations through the reprogramming process. Personnel ceilings may not be imposed on the Indian Health Service nor may any action be taken to reduce the full time equivalent level of the Indian Health Service below the level in fiscal year 2002 adjusted upward for the staffing of new and expanded facilities, funding provided for staffing at the Lawton, Oklahoma hospital in fiscal years 2003 and 2004, critical positions not filled in fiscal year 2002, and staffing necessary to carry out the intent of Congress with regard to program increases.

Notwithstanding any other provision of law, funds previously or herein made available to a tribe or tribal organization through a contract, grant, or agreement authorized by title I or title V of the Indian Self-Determination and Education Assistance Act of 1975 (25 U.S.C. 450), may be deobligated and reobligated to a self-determination contract under title I, or a self-governance agreement under title V of such Act and thereafter shall remain available to the tribe or tribal organization without fiscal year limitation.

None of the funds made available to the Indian Health Service in this Act shall be used to implement the final rule published in the Federal Register on September 16, 1987, by the Department of Health and Human Services, relating to the eligibility for the health care services of the Indian Health Service until the Indian Health Service has submitted a budget request reflecting the increased costs associated with the proposed final rule, and such

request has been included in an appropriations Act and enacted into law.

With respect to functions transferred by the Indian Health Service to tribes or tribal organizations, the Indian Health Service is authorized to provide goods and services to those entities, on a reimbursable basis, including payment in advance with subsequent adjustment. The reimbursements received therefrom, along with the funds received from those entities pursuant to the Indian Self-Determination Act, may be credited to the same or subsequent appropriation account which provided the funding. Such amounts shall remain available until expended.

Reimbursements for training, technical assistance, or services provided by the Indian Health Service will contain total costs, including direct, administrative, and overhead associated with the provision of goods, services, or technical assistance.

The Indian Health Service may purchase 8.5 acres of land for expansion of parking facilities at the W.W. Hastings hospital in Tahlequah, Oklahoma using third party collections subject to advance approval from the House and Senate Committees on Appropriations.

Notwithstanding any other provision of law, the Tulsa and Oklahoma City Clinic demonstration projects shall be permanent programs under the direct care program of the Indian Health Service; shall be treated as service units and operating units in the allocation of resources and coordination of care; shall continue to meet the requirements applicable to an Urban Indian organization under this title; and shall not be subject to the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.).

(1) The Chairperson shall only award a grant to an individual if such grant is awarded to such individual for a literature fellowship, National Heritage Fellowship, or American Jazz Masters Fellowship.

(b) In this section:

(1) The term “underserved population” means a population of individuals, including urban minorities, who have historically been outside the purview of arts and humanities programs due to factors such as a high incidence of income below the poverty line or to geographic isolation.

(2) The term “poverty line” means the poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Community Services Block Grant Act (42 U.S.C. 9902(2)) applicable to a family of the size involved.

(c) In providing services and awarding financial assistance under the National Foundation on the Arts and Humanities Act of 1965 with funds appropriated by this Act, the Chairperson of the National Endowment for the Arts shall ensure that priority is given to providing services or awarding financial assistance for projects, productions, workshops, or programs that will encourage

SEC. 314. Notwithstanding any other provision of law, for fiscal year 2005 the Secretaries of Agriculture and the Interior are authorized to limit competition for watershed restoration project contracts as part of the “Jobs in the Woods” Program established in Region 10 of the Forest Service to individuals and entities in historically timber-dependent areas in the States of Washington, Oregon, northern California, Idaho, Montana, and Alaska that have been affected by reduced timber harvesting on Federal lands. The Secretaries shall consider the benefits to the local economy in evaluating bids and designing procurements which create economic opportunities for local contractors.

SEC. 315. Amounts deposited during fiscal year 2004 in the roads and trails fund provided for in the 14th paragraph under the heading “FOREST SERVICE” of the Act of March 4, 1913 (37 Stat. 843; 16 U.S.C. 501), shall be used by the Secretary of Agriculture, without regard to the State in which the amounts were derived, to repair or reconstruct roads, bridges, and trails on National Forest System lands or to carry out and administer projects to improve forest health conditions, which may include the repair or reconstruction of roads, bridges, and trails on National Forest System lands in the wildland-community interface where there is an abnormally high risk of fire. The projects shall emphasize reducing risks to human safety and public health and property and enhancing ecological functions, long-term forest productivity, and biological integrity. Nothing in this section shall be construed to exempt any project from any environmental law.

SEC. 316. Other than in emergency situations, none of the funds in this Act may be used to operate telephone answering machines during core business hours unless such answering

machines include an option that enables callers to reach promptly an individual on-duty with the agency being contacted.

SEC. 317. No timber sale in Region 10 shall be advertised if the indicated rate is deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar. Program accomplishments shall be based on volume sold. Should Region 10 sell, in the current fiscal year, the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar, all of the western redcedar timber from those sales which is surplus to the needs of domestic processors in Alaska, shall be made available to domestic processors in the contiguous 48 United States at prevailing domestic prices. Should Region 10 sell, in the current fiscal year, less than the annual average portion of the decadal allowable sale quantity called for in the Tongass Land Management Plan in sales which are not deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar, the volume of western redcedar timber available to domestic processors at prevailing domestic prices in the contiguous 48 United States shall be that volume: (1) which is surplus to the needs of domestic processors in Alaska; and (2) is that percent of the surplus western redcedar volume determined by calculating the ratio of the total timber volume which has been sold on the Tongass to the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan. The percentage shall be calculated by Region 10 on a rolling basis as each sale is sold (for purposes of this amendment, a “rolling basis” shall mean that the determination of how much western redcedar is eligible for sale to various markets shall be made at the time each sale is awarded). Western redcedar shall be deemed “surplus to the needs of domestic processors in Alaska” when the timber sale holder has presented to the Forest Service documentation of the inability to sell western redcedar logs from a given sale to domestic Alaska processors at a price equal to or greater than the log selling value stated in the contract. All additional western redcedar volume not sold to Alaska or contiguous 48 United States domestic processors may be exported to foreign markets at the election of the timber sale holder. All Alaska yellow cedar may be sold at prevailing export prices at the election of the timber sale holder.

- “(b) Amounts deposited under subsection (a)”;
- (2) by striking “may direct:” and all that follows through “That the Secretary of Agriculture” and inserting “may direct. The Secretary of Agriculture”; and

of the balance in the special fund that the Secretary determined, before October 1, 2004, to be excess of the cost of doing work described in subsection (a), but which has not been transferred by that date) shall be transferred to miscellaneous receipts, National Forest Fund, as a National Forest receipt, but only if the Secretary also determines that—

“(1) the excess amounts will not be needed for emergency wildfire suppression during the fiscal year in which the transfer would be made; and

“(2) the amount to be transferred to miscellaneous receipts, National Forest Fund, exceeds the outstanding balance of unreimbursed funds transferred from the special fund in prior fiscal years for wildfire suppression.”

SEC. 319. A project undertaken by the Forest Service under the Recreation Fee Demonstration Program as authorized by section 315 of the Department of the Interior and Related Agencies Appropriations Act for Fiscal Year 1996, as amended, shall not result in—

(1) displacement of the holder of an authorization to provide commercial recreation services on Federal lands. Prior to initiating any project, the Secretary shall consult with potentially affected holders to determine what impacts the project may have on the holders. Any modifications to the authorization shall be made within the terms and conditions of the authorization and authorities of the impacted agency; and

(2) the return of a commercial recreation service to the Secretary for operation when such services have been provided in the past by a private sector provider, except when—

(A) the private sector provider fails to bid on such opportunities;

(B) the private sector provider terminates its relationship with the agency; or

(C) the agency revokes the permit for non-compliance with the terms and conditions of the authorization.

In such cases, the agency may use the Recreation Fee Demonstration Program to provide for operations until a subsequent operator can be found through the offering of a new prospectus.

Nothing in this section exempts the Secretary from any other requirement of the Forest and Rangeland Renewable Resources Planning Act (16 U.S.C. 1600 et seq.) or any other law: *Provided*, That if the Secretary is not acting expeditiously and in good faith, within the funding available, to revise a plan for a unit of the National Forest System, this section shall be void with respect to such plan and a court of proper jurisdiction may order completion of the plan on an accelerated basis.

SEC. 321. No funds provided in this Act may be expended to conduct preleasing, leasing and related activities under either the Mineral Leasing Act (30 U.S.C. 181 et seq.) or the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.) within the boundaries of a National Monument established pursuant to the Act of June 8, 1906 (16 U.S.C. 431 et seq.) as such boundary existed on January 20, 2001, except where such activities are

allowed under the Presidential proclamation establishing such monument.

SEC. 324. In entering into agreements with foreign countries pursuant to the Wildfire Suppression Assistance Act (42 U.S.C. 1856m) the Secretary of Agriculture and the Secretary of the Interior are authorized to enter into reciprocal agreements in which the individuals furnished under said agreements to provide wildfire services are considered, for purposes of tort liability, employees of the country receiving said services when the individuals are engaged in fire suppression: *Provided*, That the Secretary of Agriculture or the Secretary of the Interior shall not enter into any agreement under this provision unless the foreign country (either directly or through its fire organization) agrees to assume any and all liability for the acts or omissions of American firefighters engaged in firefighting in a foreign country: *Provided further*, That when an agreement is reached for furnishing fire fighting services, the only remedies for acts or omissions committed while fighting fires shall be those provided under the laws of the host country, and those remedies shall be the exclusive remedies for any claim arising out of fighting fires in a foreign country: *Provided further*, That neither the sending country nor any legal organization associated with the firefighter shall be subject to any legal action whatsoever pertaining to or arising out of the firefighter’s role in fire suppression.

Notwithstanding any other provision of law or regulation, to promote the more efficient use of the health care funding allocation for fiscal year 2005, the Eagle Butte Service Unit of the Indian Health Service, at the request of the Cheyenne River Sioux Tribe, may pay base salary rates to health professionals up to the highest grade and step available to a physician, pharmacist, or other health professional and may pay a recruitment or retention bonus of up to 25 percent above the base pay rate.

and who provide employment and training for, dislocated and displaced workers in an economically disadvantaged rural community, including those historically timber-dependent areas that have been affected by reduced timber harvesting on Federal lands and other forest-dependent rural communities isolated from significant alternative employment opportunities: *Provided*, That notwithstanding Federal Government procurement and contracting laws the Secretaries may award contracts, grants or cooperative agreements to local non-profit entities, Youth Conservation Corps or related partnerships with State, local or non-profit youth groups, or small or disadvantaged business: *Provided further*, That the contract, grant, or cooperative agreement is for forest hazardous fuels reduction, watershed or water quality monitoring or restoration, wildlife or fish population monitoring, or habitat restoration or management: *Provided further*, That the terms “rural community” and “economically disadvantaged” shall have the same meanings as in section 2374 of Public Law 101–624: *Provided further*, That the Secretaries shall develop guidance to implement this section: *Provided further*, That nothing in this section shall be construed as relieving the Secretaries of any duty under applicable procurement laws, except as provided in this section.

SEC. 329. No funds appropriated in this Act for the acquisition of lands or interests in lands may be expended for the filing of declarations of taking or complaints in condemnation without the approval of the House and Senate Committees on Appropriations: *Provided*, That this provision shall not apply to funds appropriated to implement the Everglades National Park Protection and Expansion Act of 1989, or to funds appropriated for Federal assistance to the State of Florida to acquire lands for Everglades restoration purposes.

SEC. 342. (a) FINDINGS.—

(1) In 1953, Public Land Order 899 (PLO 899) eliminated approximately 80 acres from the Tongass National Forest, for the Community of Elfin Cove, Alaska. From 1953 until 2001, the USDA Forest Service believed two small islets within the Elfin Cove Harbor (Lots 1 and 2 of U.S. Survey 13150, approximately 0.29 acres) were included as part of PLO 899. However, due to a Bureau of Land Management rule in effect when PLO 899 was issued, ownership of unsurveyed, unmapped islets remained with the original landowner, in this case the United States.

(2) These two islets are needed by the Community of Elfin Cove to resolve public health and safety problems.

(3) The two islets serve no national forest purposes, but the Forest Service has no authority to transfer ownership of them to the Community of Elfin Cove, without receiving fair market value for the land interests.

(4) Neither the Bureau of Land Management nor the Forest Service intended to retain Federal ownership of these two islets, and they remained in ownership of the United States only through an inadvertent error.

(5) Conveyance of these two islets from the United States to the Community of Elfin Cove, Alaska, without consideration, is in the public interest.

(b) Based on the findings in subsection (a) and notwithstanding any other provision of law, Congress hereby authorizes and directs the Secretary of Agriculture to convey in fee simple without compensation, Lots 1 and 2 of U.S. Survey 13150, comprising approximately 0.29 acres, to the Community of Elfin Cove, Alaska.

SEC. 343. (a) Notwithstanding any other provision of law, and until October 1, 2007, the Indian Health Service may not disburse funds for the provision of health care services pursuant to Public Law 93–638 (25 U.S.C. 450 et seq.) to any Alaska Native village or Alaska Native village corporation that is located within the area served by an Alaska Native regional health entity.

(b) Nothing in this section shall be construed to prohibit the disbursement of funds to any Alaska Native village or Alaska Native village corporation under any contract or compact entered into prior to May 1, 2004, or to prohibit the renewal of any such agreement.

(c) For the purpose of this section, Eastern Aleutian Tribes, Inc., shall be treated as an Alaska Native regional health entity to whom funds may be disbursed under this section.

SEC. 344. Notwithstanding any other provision of law and using funds previously appropriated for such purpose under Public Law 106–291 (\$1,630,000) and Public Law 108–199 (\$2,300,000), the National Park Service shall (1) not later than 60 days after enactment of this section purchase the seven parcels of real property in Seward, Alaska identified by Kenai Peninsula tax identification numbers 14910001, 14910002, 14911033, 14913005, 14913020, 14913007, and 14913008 that have been selected for the administrative complex, visitor facility, plaza and related parking for the Kenai Fjords National Park and Chugach National Forest which shall hereafter be known as the Mary Lowell Center; and (2) transfer to the City of Seward any remaining balance of previously appropriated funds not necessary for property acquisition and design upon the vacation by the City of Seward of Washington Street between 4th Avenue and 5th Avenue and transfer of title of the appropriate portions thereof to the Federal Government, provided that the City of Seward uses any such funds for the related waterfront planning, pavilions, boardwalks, trails, or related purposes that compliment the new Federal facility.

SEC. 345. Section 331, of Public Law 106–113, is amended—

(1) in part (a) by striking “2004” and inserting “2005”;

and

(2) in part (b) by striking “2004” and inserting “2005”.
