More information about this job:

You open your care without boundaries, limitations or restrictions. Because for you, it's not just about the care, it's about people. And that level of care deserves just as much care in return. Care that our people are ready to share.

The Forensic Examiner (FE) will be a specially trained Family Nurse Practitioner or Physician Assistant who will conduct sexual assault, abuse and other forensic examinations. He/She will demonstrate competency in conducting a forensic exam, in obtaining evidentiary samples, and in the ability to testify as an expert witness in court. The Forensic Examiner will serve as a resource and consultant within their areas of expertise to other medical personnel and will maintain standards of excellence in patient care. The Forensic Examiner is responsible for providing and directing care to victims of crimes.

- Graduate of a school of professional nursing
- Graduate of a school of physician assistant
- Minimum of 2 years health care experience
- Completion of SART training course and preceptorship
- Current license to practice professional nursing in the State of Alaska or
- Current license to practice medicine in the State of Alaska
- Current BLS

YKHC exercises Federal Law (PL 93-638), which allows American Indian/Alaska Native preference in hiring for all positions.
