

Advancements in Diabetes Webinar
Implementing a Diabetes in Pregnancy Program
Tuesday, July 26, 2016
1:00 – 2:00 pm MDT

Speakers: Shelley Thorkelson, RN, CNM, MSN, CDE and Karen Bachman-Carter, MPH, RD, CDE

Target Audience: Physicians, Nurses, Dietitians and other Healthcare Professionals working in Clinic and Community Health Settings

Agenda:

- **Welcome/Continuing Education Credits**
- ***Implementing a Diabetes in Pregnancy Program***
- **Q & A**
- **Survey/Certificate**

Description:

This seminar will provide information and insights to address diabetes in pregnancy by offering a Hyperglycemia in Pregnancy Program (HIPP). The session will include a review of screening and diagnosis of diabetes in pregnancy, with a focus on implementing a program to help pregnant women achieve blood sugar targets and deliver healthy babies. The session invites health team members to think of ways to be more responsive to the needs of patients and take steps to improve services.

Objectives: As a result of completing this training, participants will be able to:

1. Utilize current guidelines for screening and diagnosis of diabetes in pregnancy.
2. Describe treatment and management of patients with diabetes in pregnancy.
3. Discuss new topics and guidelines in the treatment of patients with diabetes in pregnancy and identify practice implications.
4. Identify at least one change you will incorporate into your clinical or community health practice as a result of the training.

Note: Before you begin the training, you can review the IHS Privacy Policy (http://www.ihs.gov/privacy_policy.asp). Also, you can review the Survey Monkey Privacy Policy for details on how user information submitted in the evaluation is protected.
