Car Seats, Get Your Car Seats Here

This year at the Early Childhood Education Center, we have had a great opportunity to provide child passenger safety education to the Salt River Community. The Ride Safe Program was created just for families like you who have children needing booster seats. AND WE HAVE THEM!!!

Don't let this opportunity pass you by. Thanks to the Ride Safe Program, 7 staff members have become Child Passenger Safety Technicians and are now certified to install the booster seats that have been provided for your child. We can also inspect car seats or assist you in the car seats that you have purchased already. If you are a new parent and need help picking a car seat out, give us a call to make an appointment, we can help.

On January 25, 2008, we held a car seat distribution event and 13 families came through for assistance. We were glad to help and are hoping to help more on February 26th. We hope to see you there! If you have anymore questions, please call the Ride Safe Coordinator, Melinda Garcia at 480-362-2206.
