

Quartz Valley Health Program

Executive Summary

Summarizes the Site, Parking, Facility Size, Staff and Contract Health Dollars necessary for the Service Delivery Plan in 2015. Identifies the Direct Care Services Offered to include highlighting any new services. Identifies the communities and population served for each service. The second page of the Executive Summary documents the priority resource issues as identified through the Master Planning process.

Historical Utilization by Location of Encounter

Documents 3 years of RPMS and contract care workloads provided at the facility predominantly serving the Primary Care Service Area by product line and specialty.

Historical Utilization by Community of Residence

Documents 3 years of RPMS and contract care workloads provided to the user population of the Service Delivery Area by product line and specialty.

Market Assessment

Compares the Historical Workload to the Health System Planning software and to national averages of patient care utilization, projecting future workloads based upon the worst case of these three planning scenarios. Also documents the percentage of care that will require contracting due to acuity and the quantity of care that can potentially be served by the direct care system.

Service Delivery Plan

Recommended service delivery plan by product line based upon projected workload, key characteristics, patient classification and tribal and IHS input.

Resource Allocation

Quantifies the necessary space and key characteristics for the Service Delivery Plan and compares them against existing resources. Also tabulates necessary contract health dollars based on the delivery plan.

Executive Summary

Service Area Description

The Quartz Valley Health Center, serving the Primary Care Service Area Communities listed to the left, is located northwest of Fort Jones, California about 30 minutes west of Yreka.

It is a new clinic and will provide basic services for Native Americans living in the Quartz Valley Rancheria and Fort Jones area. It sends most of its referral workload to Yreka where alternative care options can be found for most levels of care as well as to the Medford area when necessary.

As noted in the Service Summary to the left, Quartz Valley plans to operate under the Small Ambulatory Care Criteria as a Small Health Station. As such it will operate 1-2 days a week offering primary and dental care services as well as onsite Contract Health and Business Office services.

Facility Description

The new facility occupies 396 SM of permanent construction.
