Preface

This manual provides information regarding only the release and installation of the Health Summary Components package.
1.0 Release Notes

Health Summary Components is an adjunct application designed to allow Indian Health Service (IHS) summary components to be viewed and used in VA Health Summary types.

VA Health summary types may be used in TIU objects. In addition, the VA Health summary type –adhoc – allows a user to create and define a health summary on the fly.

Adding the IHS health summary components to VA health summary types allows these components to be used in the adhoc summary creation. VA Health Summary has components for progress notes, orders, and consults which are not available in the IHS health summary. By adding the Health summary components to the VA health summary, Indian Health should be able to access both types of components in one health summary.

Since all the components created will be part of the VA Health summary application, the user will need to be familiar with the following documents:

HEALTH SUMMARY USER MANUAL Version 2.7
HEALTH SUMMARY TECHNICAL MANUAL Version 2.7
IHS RPMS PCC HEALTH SUMMARY SYSTEM USER MANUAL Version 2.0
IHS RPMS PCC HEALTH SUMMARY SYSTEM TECHNICAL MANUAL Version 2.0
TEXT INTEGRATION UTILITIES TECHNICAL MANUAL Version 1.0

These manuals may be found at: www.ihs.gov/CIO/RPMS.
2.0 **Installation Notes**

Prefix: **bhs**

Current Version: **1.0**

**Warning**: Read entire notes file prior to attempting any installation.

2.1.1 **General Information**

- Make a copy of this distribution for offline storage.
- Print all notes/readme files.
- It is recommended that the terminal output during the installation be captured using an auxport printer attached to the terminal at which you are performing the software installation. This will insure a printed audit trail if any problems should arise.
- The Health Summary Components application has no menu options. It is a re-write of IHS health summary components so they can be used in GMTS Health Summary types.

2.1.2 **Contents of Distribution**

- **bhs_0100.k** – KIDS file
- **bhs_010i.pdf** – Installation guide and Release notes
- **bhs_010t.pdf** – Technical manual
- **bhs_010o.pdf** – Health Summary Setup Guide
- **gmts0270.1001n** – Notes on VA health summary patch 1001

2.1.3 **Required Resources**

- Kernel v8.0 patch 1011 or higher
- FileMan v22 patch 1002 or higher
- Cache v4.1 or later
- GMTS v 2.7 patch 68 or later
- APCH v2.0 patch 13 or later
- XB/ZIB Utilities Version 3.0 patch 10 or later
- PCC Management Reports VERSION 3.0 patch 13 or later
3.0 Installation Instructions

3.1.1 Pre-Installation
No pre-installation preparation is necessary for the Health Summary Components package.

3.1.2 Installation
Under KIDS, load, and then install bhs_0100.k. Answer YES to all "Want to continue installing this build?" questions. Answer NO to all other Yes/No questions. The installation is a mega-build consisting of two builds Health summary components*1.0* and GMTS*2.7*1001.

3.1.3 Post-Installation
The process of adding items to the Ad hoc health summary is explained in this section.

The new components were not automatically added to the GMTS ad hoc health summary type. Since some of them are for inpatient care or may not apply to a site, it is better for each site to review the new components and determine which of them they wish to add to the ad hoc type.

<table>
<thead>
<tr>
<th>Health Summary Maintenance Menu</th>
</tr>
</thead>
<tbody>
<tr>
<td>1      Disable/Enable Health Summary Component</td>
</tr>
<tr>
<td>2      Create/Modify Health Summary Components</td>
</tr>
<tr>
<td>3      Edit Ad Hoc Health Summary Type &lt;- Choose this one</td>
</tr>
<tr>
<td>4      Rebuild Ad Hoc Health Summary Type</td>
</tr>
<tr>
<td>5      Resequence a Health Summary Type</td>
</tr>
<tr>
<td>6      Create/Modify Health Summary Type</td>
</tr>
<tr>
<td>7      Edit Health Summary Site Parameters</td>
</tr>

<td>10     CPRS Health Summary Display/Edit Site Defaults</td>
</tr>
</tbody>
</table>

3.1.3.1 Edit Ad Hoc Health Summary Type
Choose item 3 from the Health Summary Maintenance Menu.

3.1.3.2 Display Information
Choose whether or not to display the component if there is no data for the component.
3.1.3.3 **Review Data**

If desired, review the components already on the ad hoc summary.

3.1.3.4 **Choose the Component to Add**

```
1. SCHEDULED ENCOUNTERS
2. SCHEDULED ENCOUNTERS W/O W/INS ENC
CHOSE 1-2: 2 SCHEDULED ENCOUNTERS W/O W/INS ENC
```

3.1.3.5 **Enter Information for Component**

What prompts appear depends on the type of component that has been selected.

For a component that uses ICD9 codes, questions regarding what ICD text should appear will be asked.

```
SUMMARY ORDER: 715// 715
OCCURRENCE LIMIT: 20//
TIME LIMIT: 2Y//
ICD TEXT DISPLAYED: short text//
PROVIDER NARRATIVE DISPLAYED: yes//
HEADER NAME: Sched Encs w/o w/ins
```

For a component that allows a selection such as measurement panels, the name of the selection(s) will be asked.

```
SUMMARY ORDER: 725// 725
OCCURRENCE LIMIT: 1//
TIME LIMIT: 2Y//
HEADER NAME: Measurement Panels//
```

Current selection items are: ADULT STD

Select new items one at a time in the sequence you want them displayed.

You may select up to 20 items.

Select SELECTION ITEM: ADULT STD//
4.0 Sample Installation

Below are sample installation steps. This is a new package with all new routines so there should not be anything on the system to be backed up or compared.

Also, no options need to be taken out of service since the components to be added will not be directly added to any options.

Select Kernel Installation & Distribution System Option:
   Edits and Distribution ...
   Utilities ...
   Installation ... <- Choose this one

Figure 5-1: Sample installation screen

4.1 Select Kernel Installation & Distribution System Option:
   Installation

1      Load a Distribution
2      Verify Checksums in Transport Global
3      Print Transport Global
4      Compare Transport Global to Current System
5      Backup a Transport Global
6      Install Package(s)
   Restart Install of Package(s)
   Unload a Distribution

Figure 5-2: Sample installation screen

4.2 Load a Distribution

Enter a Host File: C:\TEMP\bhs_0100.k
OK to continue with Load? NO// y YES
Distribution OK!
Want to Continue with Load? YES// y YES
Loading Distribution...
HEALTH SUMMARY COMPONENTS-IHS 1.0
Build HEALTH SUMMARY COMPONENTS 1.0 has an Environmental Check Routine
Want to RUN the Environment Check Routine? YES// < -Make sure patches are
in
Will first run the Environment Check Routine, BHSINIT
GMTS*2.7*1001
Use INSTALL NAME: HEALTH SUMMARY COMPONENTS-IHS 1.0 to install this Distribution.

4.3 Verify Check sums

1      Load a Distribution
2      Verify Checksums in Transport Global
3      Print Transport Global
4      Compare Transport Global to Current System
5      Backup a Transport Global
6      Install Package(s)
   Restart Install of Package(s)
4.4 Install Package(s)

Select INSTALL NAME: HEALTH SUMMARY COMPONENTS-IHS 1.0  Loaded from Distribution  Loaded from Distribution  6/8/05@14:49:52

5.0 Component List

The list of components included and a brief description is included below.

The occurrence number and time limits can be edited. Sub-groups should not have anything entered so that the users can make their own selection when in the EHR. Components that use ICD9 codes have all been set to use the short code and the provider narrative. Sites can edit this as well.
