

Winslow Indian Health Care Center (WIHCC)

DES Project Manager.....	Brian Johnson, PE (Navajo Area IHS)
Location	Winslow AZ
Area Office.....	Navajo Area
Tribe(s) Served.....	Navajo Nation
Design Start.....	February 2012
Const. Start	September 2012
Const. Completion.....	April 2014 (estimated)
Size.....	35,500 square feet
Contract Type	PL 93-638 Title V with WIHCC, Inc. (Design/Build)
Architect.....	JSRa, Inc. (Tucson AZ)
Prime Contractor	Keyah Construction, Inc. (Phoenix AZ)
Energy Efficiency.....	An energy consumption level of 44% below the ASHRAE 90.1-2007 Baseline is currently targeted by the Design Team.
LEED Certification.....	The facility is designed to comply with requirements equivalent to a LEED NC v3 Basic Certification, but a certification is not being pursued. Compliance with LEED criteria is being reviewed and verified by DES Staff.

Design Concept:

"The design of the Medical Office Building draws from the historic character of the existing campus buildings, the Painted Desert region as well as the Cultural Values of the Dine. The building interior reflects those Cultural Values with eastern light flooding the expansive Lobby / Patient Registration area, while providing a patient / staff friendly environment throughout."

- Johnson Smitthipong & Rosamond Architecture
