

# Indian Health Service: Telehealth - Understanding our use of Telehealth in the IHS Electronic Health Record (EHR)

---

## Dates and Time

September 11, 2020, 12:00 pm EDT, 11:00 am CDT, 10:00 am MDT, and 9:00 am PDT/MST

## Target Audience

Leaders, directors, healthcare providers, billers, Informaticists, Health Information Management Consultant and Health Information Technology staff in IHS facilities.

**Please feel free to share the invite with others**

## Description

In this webinar, we will discuss the need to capture information on the amount and type of telehealth services being provided across the Indian Health Service. We will discuss the importance of this data and provide recommendations for documenting telehealth visits. This will ensure that critical information is available for planning and improvement across the system. Time will be allotted for questions and answers.
