Policy Next Steps

Real time update of the policy and its next steps in the process.

Look Ahead for the CHAP TAG

Scheduling a virtual meeting to plan the 2020 for the CHAP TAG. Planning for at least one (1) in-person meeting as part of consultation on FY 2020 appropriations. Over the next few weeks IHS is looking to gather:

- Response to a poll for a virtual meeting to start the consultation planning
- Blackout dates for major events taking place
- Existing meetings to leverage for listening session
- Potential host sites for an in-person meeting
- Feedback on whether TAG meeting should be multiple days to discuss implementation and host listening sessions
