

# The Multi-Purpose Agreement (MPA): Establishing Trusted Interoperability and Patient Access to Data throughout the Indian Health System in Support of Meaningful Use

---

*Presented by Steve Thornton, PMP, PMI-ACP, CUA*

## Dates and Time

**April 22, 2015**, 3 pm ET, 2 pm CT, 1 pm MT, 12 pm PT, and 11 am AKT

\*Arizona (outside of Navajo Nation) is aligned with the Pacific times listed above due to Daylight Savings. Navajo Nation, you are still aligned with Mountain times above.

## Description

The goals of this presentation are:

1. To provide an overview of the Multi-Purpose Agreement (MPA), which will enable (a) I/T/U sites to securely share protected health information (PHI) with each other and with external data sharing partners and (b) enable patients to securely access their health information through their online personal health record (PHR).
2. To familiarize participants with the enhancements to RPMS to support this level of interoperability, data sharing, and patient access to their health information in support of Meaningful Use.
3. To provide an overview of the drivers and structure of the policy and trust framework required to support this level of interoperability.
4. To solicit questions on the MPA.

## Target Audience

Chief Executive Officers (CEOs), Chief Information Officers (CIOs), Clinical Application Coordinators (CACs), Health Information Management (HIM) Staff, Information System Security Officers (ISSOs), and privacy professionals.

## Registration

This presentation is open to everyone and no registration is required. Simply follow the instructions under “Connection Information” on the day of the presentation to be connected. There is no cost or travel required. **There will be NO CREDITS for this webinar.**
