## 2.0 Patch 28 Inclusions

### 2.1 Tally of Reviewed/Completed Visits by You (TRVY) Report

This new report, added to the EHR/PCC Coding Audit Menu, allows the signed in user to view their own reviewed/completed visits. Statistics for other users cannot be viewed. The report is modeled after the Tally of Reviewed/Completed Visits by Operator (TRV).

The logged in user does not have to be the only user who reviewed the visit for it to be counted in the report.

Follow these steps:

1. At the “Enter Beginning REVIEW Date” prompt, type the beginning of the date range.
2. At the “Enter Ending REVIEW Date” prompt, type the end of the date range.
3. At the “Do you wish to see a subtotal by Review Date?” prompt, type Y or N.
4. At the “Device” prompt, type how you want the data to display.

You can do one of the following at the last prompt:

- Press ENTER to continue and to display the next page of information.
- Type caret (^) to exit the screen. You will be returned to the EHR/PCC Coding Audit menu.
