

# **RPMS AMH v4.0 Patch 7 Release Announcement November 2016**

The Indian Health Service Office of Information Technology and the Division of Behavioral Health announce the following application release:

- Behavioral Health System, Version 4.0, Patch 7 (RPMS namespace: AMH)
- This version/patch is not needed for EHR certification and/or Meaningful Use (MU).

A release notice from the IHS Office of Information Technology has been sent to all RPMS site managers, and site managers are advised to notify users once the application has been installed. Complete details of the modifications included in this release are included in the official release notice.

Thank you to our beta test sites, Choctaw Nation, South Dakota Urban, and SEARHC, for their assistance with this release.

## **Overview of Changes**

1. The FY 2017 DSM-5 Code update has been made, which resolves an issue with some codes being unable to be selected.
