

Tips to Recycling

Step 1: Reduce

Choose items that last a long time and have little or no packaging so you make less trash.

Step 2: Reuse

Before putting an item in the trash, find another use for it, donate, or sell it.

Step 3: Recycle

Separate trash by type. Contact your local recycling facility to find a drop off near you.

Step 4: Make Compost

Gather fruit and vegetable scraps and make a compost pile in your backyard.

Step 5: Dispose trash in a landfill

Throw trash in a landfill ONLY if you still have trash left after following the other four steps.
