1. Improvement to the Indian Health Services
2. Medicaid Expansion
3. Medicare and the ACA
4. The Health Insurance Marketplaces
5. Eligibility and Enrollment
On **March 23, 2010**, President Obama signed into law the Patient Protection and Affordable Care Act (ACA)

The ACA protects the rights of all Americans, including **American Indians and Alaska Natives (AI/AN)**, to access affordable health care.

More than 32 million people in this country who would otherwise not have health insurance will have access to health coverage.
The government’s historical and unique legal relationship with tribes is based on treaties, laws, and Supreme Court decisions.

Health reform offers new opportunities to access health insurance to AI/AN citizens and employees.

Indian Health Service offers health care to AI/AN citizens on or near Indian reservations and in some Urban Indian communities.
Health Care Law Benefits for Indian Country

- Permanent Reauthorization of the Indian Health Care Improvement Act
- Strengthens the Indian Health Services
- Increases Affordability to Health Insurance Coverage
Strengthening the Indian Health Services

• **Expanded Authority for IHS Service**
  IHCIA prescribes the duties and responsibilities, which allows IHS to modernize its health care delivery systems & permit tribal governments to make technical changes in the future

• **Greater Workforce by** increasing clinician recruitment and retention in tribally-operated health programs

• **Increased revenue** through third party payments to IHS that support both direct care and contract health care services
Medicaid Expansion for Indian Country

- States have the option to expand Medicaid eligibility to adults ages 19 - 64 with income up to 138% of the Federal Poverty Level
  *$15,282/yr. for an individual, $31,322/yr. for a family of 4, in Alaska for individual $19,086/yr. for a family of 4 $39,155/yr.*

- Average income of American Indian and Alaska Native (AI/AN) households is $35,192, compared to $50,502 for the entire nation*

- No premiums or deductibles for AI/ANs who are eligible to and do receive IHS, tribal 638, or urban Indian health services

- No copays for services received from an Indian health care provider or through referral under contract health services

HOW DOES THE ACA PROTECT MEDICARE?

1. You get cheaper prescription drugs
2. You get free preventive services.  
   *For example: free wellness checks*
3. Your doctors are supported to better coordinate your care
4. The law fights fraud and strengthens Medicare
5. Your Medicare coverage is protected

Medicare Open Enrollment Period:
American Indians and Alaska Natives can enroll **October 1, 2013** and get coverage through the Marketplace starting on **January 1, 2014**.
Introduction to the Marketplace

- The “Marketplace” is a new way to get health insurance
- Whether you’re uninsured or just exploring new options, it is designed to give you more choices
- Compare all your insurance options based on price, benefits, quality, and other features that may be important to you
- Information will be in plain language that makes sense

DID YOU KNOW:
- Formerly known as the “Exchanges”
- Enrollment Begins on October 1, 2013
- Plans will vary by State
Marketplace Basics

- There will be four ways to enroll yourself and your family
- Most people will be able to get a break on costs
- 90% of people who are currently uninsured will qualify for low cost or free health insurance
- Clear options and apples-to-apples comparisons, costs stated up front
- New protections for you and your family starting on January 1, 2014
ACA Makes Healthcare Insurance Affordable

- **Tax Credits** for health plans lower the monthly premiums qualified individuals pay
  - Family of four with annual income $23,550* - $94,200*

- **Reduced cost-sharing** lowers out-of-pocket spending for health coverage
  - Family of 4 with annual income $58,875* or less (some restrictions may apply)

- **Medicaid** for those with limited incomes

* 2013 dollar amounts

---

**Did You Know:**
Consumers can only access the premium tax credits through the Individual health insurance marketplace.
• **No out of pocket costs:** If a *member of a federally recognized tribe* chooses Indian Health Services as their provider in an insurance marketplace network.

• **Break on Costs for Certain Income Levels:** *federally recognized tribal members* earning less than $34,470 and families earning less than $70,650 a year will not pay any out of pocket costs for health services anywhere.

• **Special Monthly Enrollment:** *Members of federally recognized tribes* can change their enrollment status in any plan through the marketplace once a month.

• **No Requirement to have Insurance:** Exempts AI/ANs eligible for IHS from obtaining any health insurance.

---

**300% FPL =**

- individual income of $34,470/yr.
- and family of four $70,650/yr.
What will Your Marketplace Look Like?

- **Declared State-based Exchange**
- **Planning for Partnership Exchange**
- **Default to Federal Exchange**

*Utah plans to operate its own SHOP Exchange. The Dept. of Health and Human Services will operate the state's individual Exchange.*
What are Qualified Health Plans (QHPs)

• All insurance plans certified by the Marketplace must:
  • Include 10 Essential Health Benefits (EHB)
  • Limit cost-sharing
    ✓ deductibles, copayments, and out-of-pocket maximum amounts
  • Agrees to offer at least one QHP in the Silver level and Gold level in the marketplace

In 2014, people who can afford to but do not purchase health insurance will pay a “shared responsibility payment”

- IRS will collect the shared responsibility payment via tax returns in 2015
- Tax starts at $95 per year or up to 1% of income, which ever is greater
- By 2016 will rise to $695 per person or 2.5% the income, which ever is greater
- Tax is capped at $285 in 2014 and rises to $2,085 in 2016
You are Exempt from the Tax Penalty if

- You are a Member of a federally recognized tribe or eligible for the hardship exemption
- You have insurance through your employer or purchase individual insurance on your own or
- You have insurance through Medicare, Medicaid, Children’s Health Insurance Program (CHIP), Veteran’s Administration and/or Tricare for active duty and retired military, or a healthcare sharing ministry or
- You would have to spend more than 8% of your household income on the cheapest qualifying health insurance plan, even after tax credits and subsidies
What are the Benefits of Enrolling in Health Insurance?

A visit to a tribal clinic or hospital can be billed to insurance and in turn there will be more resources for your clinic.

Insurance will pay instead of Contract Health Services (CHS).

More CHS funds available to help tribal members!

Health care needs will be met! Invest in the Marketplace if you can afford it and...
