Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Rule (45 CFR §§160 & 164)

- **Official Name:** “Standards for Privacy of Individually Identifiable Health Information”.
- **Provides** National standards for protecting PHI.
- **Regulates** how covered entities “use and disclose certain PHI.
- **Gives** patients more protection & control over their PHI.
- **Sets** boundaries on the use and release of health records.
- **Establishes** appropriate safeguards protecting the privacy of PHI.
When is it a PA Records System?

- Group of records (more than one)
- Contains personal and/or health information about an individual
- Designed to be retrieved by name or other Personal Identifier
“any item, collection, or group of information about an individual that is maintained by an agency, including, but not limited to, his education, financial transactions, medical history, and criminal or employment history and that contains his name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as finger or voice print or a photograph.”

5 USC § 552a(a)(4)
HIPAA Privacy Rule
“Designated Record Set”

- A group of records maintained by or for a covered entity that is:
  (i) the medical records and billing records about individuals maintained by or for a covered health care provider;
  (ii) the enrollment, payment, claims adjudication, and case or medical management record systems maintained by or for a health plan; or
  (iii) used, in whole or in part, by or for the covered entity to make decisions about individuals.
(2) The term “record” means any item, collection, or grouping of information that includes PHI and is maintained, collected, use, or disseminated by or for a covered entity. 45 CFR §164.501 – Definitions

“HMMMM – sounds like a Privacy Act Record to me.”
Privacy Act covers:

♦ U.S. citizens
♦ Aliens lawfully admitted for permanent residence

Privacy Act does NOT cover:

● Non-resident aliens
● Deceased *
● Organizations
● Tribal Governments (PL93-638 excludes the 5 U.S.C. requirements (PA, FOIA, etc.))
Limit Collection of Information

- Necessary to carry out an Agency function
- SSN – only when legally authorized otherwise voluntary
- Inform individual of purpose and use of records collected: Privacy Act System of Record Notice Statement
Social Security Numbers (SSN)

- Before collection, must state whether: (1) disclosure is mandatory or voluntary, (2) by what statutory or other authority such number is solicited, and (3) what uses will be made of it. If no statutory or law, then SSN is voluntary by the individual.

- May not deny any right, benefit, or privilege provided by law due to refusal to provide SSN unless the SSN is required by federal statute.

- SSN is voluntary for Medical Records. SSN are required only for hiring, payroll, financial etc.
No Secret Government Records

♦ Publish a Privacy Act System Notice in the Federal Register before collecting data.
