

# Community Health Representatives

*Community Health Representatives are trusted frontline public health workers. Through facilitating access to quality and culturally competent services, they are a link between health and social services and the communities they serve.*

**CHR activities that build individual and community capacity include:**

Outreach

Education

Informal Counseling

Social Support

Advocacy

## **CHRs increase access to healthcare and increase coverage through the following activities:**

- Health Screening
- Case Management
- Care Coordination with Service Providers
- Transportation Coordination
- Coordination of Durable Medical Supplies
- Direct Health Care Services
- Outreach
