

# Indian Health Service (IHS)

## COVID-19 Vaccine Distribution and Administration by IHS Area

As of February 22, 2021, the IHS is distributing vaccine allocations of the Pfizer and Moderna vaccine. The table below shows the total number of vaccine doses distributed and administered per IHS Area to date.

Area	Total Doses Distributed*	Total Doses Administered**
Albuquerque	61,295	49,818
Bemidji	45,275	35,010
Billings	21,175	19,163
California	62,795	28,607
Great Plains	54,970	32,727
Nashville	31,525	19,832
Navajo	134,355	76,359
Oklahoma City	247,830	103,949
Phoenix	78,890	48,844
Portland	35,045	27,569
Tucson^	4,800	2,190
<b>Grand Total</b>	<b>777,955</b>	<b>444,068</b>

\*Distributed Data Source: IHS National Supply Service Center, includes total doses ordered and anticipated to be delivered by end of week February 15, 2021, delays such as weather may impact full delivery by the end of the week.

\*\*Administered Data Source: CDC Clearinghouse data from Vaccine Administration Management System (VAMS) and IHS Central Aggregator Service (CAS). Data in the CDC Clearinghouse reflects prior day data (February 21, 2021). Data may be different than actual data as there are known CDC data lags and ongoing quality review of data including resolving data errors.

^Tucson Area vaccine administration data is currently being validated.

Note: Alaska Area – all tribes chose to receive COVID-19 vaccine from the State of Alaska.
