

Division of Environmental Health Services
Elevator Speech

“Hi, I’m _____ from the _____ Indian Health Service. I work in the Division of Environmental Health Services. My program is dedicated to finding ways to identify and eliminate risk factors in the environment in American Indian and Alaska Native communities through advocacy, technical services and assistance, training, and collaboration. Our program includes two specialty areas Institutional Environmental Health and Injury Prevention. Our work is focused on healthy homes, safe drinking water, children’s environments, vectorborne and communicable diseases, and food safety.”
