Title: Integrated Patient-Centered Diabetes Care: A Shared Vision

Presenter: Raichell Dorland-Roan MS, RDN, LN, CDM, IBCLC
Registered Dietitian/Nutritionist
Indian Health Service
Crow Service Unit

Type of Activity: Enduring Event (Recorded Webinar)

Release Date: March 2, 2021

Expiration Date: February 9, 2024

Estimated Time to Complete Activity: 60 minutes

Live Session Originally Presented on: February 10, 2021

Information about the webinar presentation:

Patient centered care is recognized as a critical part of providing quality health care to improve overall health and well-being. This session will provide an overview of what patient centered care is, what the benefits are in relation to diabetes care, and what techniques, tools, and partnerships are best for implementing a patient centered care model to enhance a patient's ability to overcome common barriers of diabetes management and improve overall diabetes care outcomes.

Training Objectives and Outcomes: As a result of completing this training, participants will be able to:

1. Identify common barriers and gaps in diabetes care to be able to fully assess the needs in their practice and /or community to formalize a plan of action to improve diabetes treatment and prevention outcomes.
2. Implement patient-centered strategies to engage, enable, and empower individuals to select sustainable interventions to enhance health and well-being and improve overall quality of life around diabetes management.
3. Utilize a patient-centered integrated team-based approach to coordinate services and augment patient-centered care within their clinical practice and throughout their community to support the patient's ability to overcome common barriers of diabetes management and improve overall diabetes care outcomes.

Requirements: You must have a computer with broadband Internet access. For the best experience viewing the videos, use Internet Explorer 7 or greater and Flash 8 player. Click on the "Flash" icon to install the player, if necessary. If you have any trouble viewing the video trainings, contact us at diabetesprogram@ihs.gov for alternate viewing options. If you have trouble viewing this training on-line, check your system to make sure you have the appropriate hardware and software. If you need help or have any questions, please send an email to diabetesprogram@ihs.gov.

Note: Before you begin the training, you may review the IHS Privacy Policy at the following link: (<https://www.ihs.gov/privacypolicy/>). You may also review the Survey Monkey Privacy Policy for details on how user information submitted in the evaluation is protected. <http://www.surveymonkey.com/mp/policy/privacy-policy/>

Continuing Professional Education (CE) Credit Information: To receive CE credit, you must view the entire training, watch the complete video and review the handout, successfully pass the quiz (score \geq 80%), and complete an evaluation. You will be able to print a "Certificate of Continuing Education Credits" online following the training.

Individuals taking this course for the first time are eligible for CME/CE credit. If you previously completed this, or the live course, you are not eligible for CME/CE credit. If you complete the course more than once, you may obtain a certificate of completion.

Accreditation:

In support of improving patient care, IHS Clinical Support Center is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.
