

**Continuing Education Information**  
**IHS Division of Diabetes Treatment and Prevention**  
**Advancements in Diabetes Recorded Sessions**

**Title: Putting Prevention and Treatment of Childhood Obesity in Context**

**Presenters:** Jason Kurland, MD; Family Medicine  
Past Diabetes Director, Zuni IHS,  
Emergency Department Director, Zuni IHS

Thomas Faber, MD; Internal Medicine-Pediatrics  
Clinical Director, Zuni IHS  
IHS Chief Clinical Consultant for Pediatrics

**Type of Activity:** Enduring Event (Recorded Webinar)

**Release Date:** June 3, 2021

**Expiration Date:** May 18, 2024

**Estimated Time to Complete Activity:** 60 minutes

**Live Session Originally Presented on:** May 19, 2021

**Information about the webinar presentation:**

This session will include a review of the historical context of the current pediatric overweight/obesity epidemic and its relationship to DM 2 risk. The pathophysiology of obesity in children with emphasis on multifactorial causes and consideration of the research into what works and what doesn't in obesity interventions will be discussed. A humble approach to counseling families, which acknowledges the complexities and uncertainties around overweight/obesity vs emphasizing weight or BMI as the measure of success and focusing on encouraging healthy habits will be presented. The work of an organization at Zuni which does just that, engaging kids and adolescents in fun, culturally-appropriate activities for which improved health is an added benefit will be shared.

**Training Objectives and Outcomes:** As a result of completing this training, the healthcare team will be able to:

1. Describe current rates of pediatric overweight and obesity and recognize that increased overweight in Indian Country is part of a global trend.
2. Use humility and respect in approaching families and teens about overweight and obesity.
3. Examine pediatric obesity research in terms of the efficacy of different approaches.
4. Identify one change you can make in your clinical or public health practice.

**Requirements:** You must have a computer with broadband Internet access. For the best experience viewing the videos, use Internet Explorer 7 or greater and Flash 8 player. Click on the "Flash" icon to install the player, if necessary. If you have any trouble viewing the video trainings, contact us at [diabetesprogram@ihs.gov](mailto:diabetesprogram@ihs.gov) for alternate viewing options. If you have trouble viewing this training on-line, check your system to make sure you have the appropriate hardware and software. If you need help or have any questions, please send an email to [diabetesprogram@ihs.gov](mailto:diabetesprogram@ihs.gov).

**Note:** Before you begin the training, you may review the IHS Privacy Policy at the following link: (<https://www.ihs.gov/privacypolicy/>). You may also review the Survey Monkey Privacy Policy for details on how user information submitted in the evaluation is protected.

<http://www.surveymonkey.com/mp/policy/privacy-policy/>

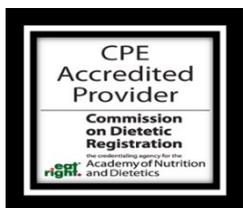

**Continuing Professional Education (CE) Credit Information:** To receive CE credit, you must view the entire training, watch the complete video and review the handout, successfully pass the quiz (score  $\geq$  80%), and complete an evaluation. You will be able to print a "Certificate of Continuing Education Credits" online following the training.

Individuals taking this course for the first time are eligible for CME/CE credit. If you previously completed this, or the live course, you are not eligible for CME/CE credit. If you complete the course more than once, you may obtain a certificate of completion.

### Accreditation:

### Credit Designation Statements

In support of improving patient care, IHS Clinical Support Center is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

This activity was planned by and for the healthcare team, and learners will receive 1.0 Interprofessional Continuing Education (IPCE) credits for learning and change.

#### Physicians

The IHS Clinical Support Center designates this enduring material for a maximum of 1 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

#### Nurses

This activity is designated 1.0 contact hour for nurses.

#### Registered Dietitian Continuing Education Credit

The Indian Health Service (IHS) Nutrition and Dietetics Training Program (NDTP) is accredited by the Commission on Dietetic Registration to sponsor continuing professional education for Registered Dietitians. This activity has been awarded 1 CPEU. Each attendee should only count the number of hours for each activity attended. The IHS NDTP number is NU006.

#### Dental Continuing Education Credit

The Indian Health Service (IHS) Division of Oral Health is an ADA CERP Recognized Provider.

The IHS Division of Oral Health designates this continuing dental education course for 1 hour of credit. Each attendee should claim only those hours of credit actually spent in the educational activity.

Accreditation applies solely to this educational activity and does not imply approval or endorsement of any commercial product, services or processes by the CSC, IHS, the federal government, or the accrediting bodies.

**Disclosure Statement:** As a jointly accredited provider of continuing education, the IHS Clinical Support Center must ensure balance, independence, objectivity, and scientific rigor in its educational activities. Course directors/coordinators, planning committee members, faculty, reviewers and all others who are in a position to control the content of this educational activity are required to disclose the existence of all financial relationships with ineligible companies within the prior 24 months. Safeguards against commercial bias have been put in place. Faculty will also disclose any off-label and/or investigational use of pharmaceuticals or instruments discussed in their presentation. All those who are in a position to

control the content of this educational activity have completed the disclosure process and have indicated that they do not have any relevant financial relationships or affiliations with any manufacturers or commercial products to disclose.

There is no commercial interest support for this educational activity.

### **Planners**

The planning and development included IHS Division of Diabetes Treatment and Prevention and a team of individuals with expertise in relevant professions.
