MULTI-YEAR FUNDING AGREEMENT BETWEEN THE ABSENTEE SHAWNEE TRIBE OF OKLAHOMA AND THE UNITED STATES OF AMERICA

EFFECTIVE JANUARY 1, 2017 THROUGH DECEMBER 31, 2020

SECTION ONE INTRODUCTION

Pursuant to the Indian Self-Determination and Education Assistance Act of 1975, as amended (the "Act"), this Multiyear Funding Agreement ("MFA") entered into between the Absentee Shawnee Tribe of Oklahoma ("Tribe") and the United States of America through its agency the Department of Health and Human Services, the Indian Health Service ("IHS"), shall be effective as of January 1, 2017 through December 31, 2020. This MFA is hereby incorporated into and governed by the compact ("Compact") between the Tribe and the IHS, pursuant to Article VI, Section 2 of the Compact.

SECTION TWO OBLIGATIONS OF THE IHS

- **2.1 Generally.** Pursuant to this MFA, the IHS shall provide funding and retained services identified herein and as provided in the Compact between the Tribe and the United States ("Compact").
- 2.2 Inherent Federal Functions and Residual. The IHS shall remain responsible for performing all inherent Federal functions supported by a pre-determined and agreed upon level of residual funding at the Oklahoma City Area Office ("OCAO") and IHS Headquarters ("HO").
- 2.3 Retained PSFAs and Tribal Shares Funding. The IHS will be responsible for the delivery of all Programs, Services, Functions and Activities ("PSFAs") the Tribe has chosen not to compact. The IHS will make all such PSFAs available to the Tribe on the same basis that such PSFAs are made available to IHS directly operated programs and the programs of other Tribes eligible to receive such PSFAs under the Act. IHS's responsibilities under the Indian Health Care Improvement Act ("IHCIA"), as amended, and other applicable provisions of Federal law are unchanged by the Compact and MFA, except to the extent the Tribe has assumed PSFAs under this MFA.

In addition, although funds are provided from IHS Headquarters ("HQ") and the IHS Oklahoma City Area Office ("Area Office") in support of the Compact and this MFA, the IHS will continue to make available to the Tribe PSFAs from the IHS Area Office and IHS HQ unless 100 percent of the total tribal shares for these PSFAs have been specifically included in

Absentee Shawnee Tribe of Oklahoma CY 2017-2020 Multi-Year Funding Agreement-IHS Page **2** of **14**

this MFA. In cases where a portion of tribal shares have been transferred to the Tribe, the parties agree that the Tribe may receive a correspondingly diminished level of services provided by the IHS.

IHS will provide reasonable notice to the Tribe, on the same basis as other tribes, of operational changes that, in the opinion of the IHS, may impact on accessibility, availability or delivery of PSFAs for which IHS retains responsibility under this MFA.

Any PSFA not assumed by the Tribe during the term of this MFA shall be presumed to be a retained responsibility of the IHS unless additional funds are provided to the Tribe by mutual amendment of this MFA for such PSFA. In the event the Tribe compacts to receive the amounts retained by the IHS, the MFA shall be amended to reflect this. Such amounts may be prorated if the amendment occurs at a time other than the beginning of the calendar year. The funds identified as retained by the IHS are described in the funding tables incorporated pursuant to Section 3 of this MFA.

- 2.4 HIPAA and HITECH Compliance. IHS and the Tribe are responsible for complying with the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the Health Information Technology for Economic and Clinical Health Act ("HITECH"). IHS and the Tribe will share patient information consistent with patient treatment, payment and health care operations confidentiality exceptions under HIPAA, HITECH, and other applicable laws.
- 2.5 Intellectual Property. IHS, through contracts, grants, sub-grants, license agreements, or other agreements may have acquired rights or entered into license agreements directed to copyrighted material. The Tribe may use, reproduce, publish, or allow others to use, reproduce, or publish such material only to the extent that IHS's contracts, grants, sub-grants, license agreements, or other agreements provide that IHS has the right to allow a tribe to do so or provide that IHS may extend its rights to the Tribe and IHS determines that it will extend its rights to the Tribe. The Tribe's use of any such copyrighted material and licenses is limited to the scope of use defined in the agreements.
- 2.6 Catastrophic Health: The Tribe is eligible for payment from the Catastrophic Health Emergency Fund ("CHEF") on the same basis as IHS directly operated service units and other tribal health programs.

SECTION THREE

OBLIGATIONS OF THE TRIBE

3.1 Generally. This MFA obligates the Tribe to be responsible to administer and to provide health PSFAs to eligible individuals pursuant to Article III, Section 7 of the Compact (Eligibility for Services), utilizing the resources transferred under this MFA and other funds as they may become available to the Tribe. This MFA further authorizes the Tribe to consolidate and redesign PSFAs as provided in the Act, 25 U.S.C. § 5386(e), and Article I, Sections 2 (Purpose) and Article III, Section 1 (Consolidation) of the Compact.

To assure continuity of care, coordination of services, and to protect the right of Indian beneficiaries to receive high quality care and to obtain health services and benefits to which they are entitled, the Tribe provides its services in locations throughout the Service Area, as described in Article I, Section 4 (Service Area) of the Compact, which includes the hospital and clinics in the Service Area, the facilities of the Tribe's Health System, including plus care/after hours clinics, homes, schools, and other community settings, and events in other locations outside the Service Area to provide community outreach services when appropriate to meet the needs of the IHS beneficiaries it serves, and collaborates with other governmental and private health programs and agencies. Subject to the availability of funding, the Tribe delivers its programs and services through direct, telehealth, referral, and purchased services, and through purchasing health coverage. Any PSFA described in this MFA may be performed by any organizational unit of the Tribe at the Tribe's discretion. To the extent the PSFA descriptions in the Compact or Funding Agreement conflict with the new descriptions of definitions provided in the IHCIA, the IHCIA shall prevail unless they conflict with the ISDEAA.

The Tribe is committed to and strives to provide a holistic, culturally competent health program that encourages wellness, addresses public health, is designed to improve health status, and assures quality health care services that meet applicable standards. Telemedicine, telehealth, tele-imaging, and other distance delivery methodologies may be employed.

SECTION FOUR FUNDING

- 4.1. Generally. To carry out the PSFAs described in Section 3 of this MFA (Obligations of the Tribe), the Tribe will reallocate funding as the Tribe deems necessary pursuant to applicable law. The funds made available to the Tribe pursuant to the Compact and Title V of the Act are subject to reductions only in accordance with 25 U.S.C. § 5388(d) and 25 U.S.C. § 5325.
- 4.2 Base Budgets. Pursuant to 25 U.S.C. §5385(g), the parties agree that the Tribe's recurring funding levels will not be reduced except pursuant to Congressional actions. The Base Budget amount automatically includes mandatory and other recurring increases, as well as new funds/programs contained within the annual IHS Budget Justification and the Congressional Appropriation. It is the intent of the IHS and the Tribe to use as base funding the final reconciled funding amounts of CY 2016 for the succeeding year. The IHS and the Tribe agree that the Base Budgets amounts for the term of this agreement will include program formula line items consistent with the IHS Director's decisions. The establishment of the Base Budget amount as identified herein does not preclude the Tribe from including PSFAs which had not previously been assumed by the Tribe or made available to the Tribe.
- 4.3 Funding Categories. The funding amount identified in this MFA shall be subject to the provisions of Article II, Section 14 of the Tribe's Compact (Successor Funding Agreements) as a successor funding agreement. The annual budget shall include the Tribe's negotiated share of PSFAs at IHS HQ, Area Office, Shawnee Service Unit ("SSU")¹, and the Carl Albert Hospital ("CAH")².
- **4.4 Funding Amounts**. Pursuant to Article II, Section 3 of the Tribe's Compact (Payment), the IHS and the Tribe agree to a continuation of a Base Budget for CY 2017, subject to Congressional appropriations by sub-sub activity as shown in the following documents, which are incorporated by reference:

Appendix E – HQ Tribal Shares Table Appendix F – OEHE 4F Table

The Tribe may redesign programs and/or re-budget funds between and among activities according to its priorities to the extent otherwise permitted by the Act and applicable federal appropriations law.

For each subsequent year, the parties will negotiate and agree on revisions to the Appendices above prior to the end of the previous year and the agreed upon tables will supersede the previous year's funding tables.

- 4.5 IHS Headquarters and the Area Office Environmental Health and Engineering ("OEHE"). The amount of funds estimated to be available for OEHE will be identified in each MFA term but based on the annual OEHE distribution workload methodology. The amount of funds available and the level of any retained shares will be updated at the beginning of CY 2018 and each subsequent calendar year.
- 4.6 Contract Support Costs. Contract support costs (CSC) will be paid in accordance with 25 U.S.C. § 5325 and § 5388. The parties agree that, according to the best data available as of the date of execution of this agreement, the amount to be paid under the CY covered by this agreement, which represents the parties' estimate of the Tribe's full CSC requirement pursuant to 25 U.S.C. § 5325 and 25 U.S.C. § 5388, is \$6,960,986, including \$1,816,800 for direct CSC and \$5,144,186 for indirect or indirect-like CSC. This estimate shall be recalculated as necessary as additional data becomes available including information regarding the direct cost base, pass throughs and exclusions, and the indirect cost rates to reflect the full CSC required under 25 U.S.C. § 5325 and 25 U.S.C. § 5388, and, to the extent not inconsistent with the Act, as specified in IHS Manual Part 6, Chapter 3 (approved Oct. 26, 2016). The parties will cooperate in updating the relevant data to make any agreed upon adjustments. In subsequent years, the amounts due under this subsection may be updated. In the event the parties disagree on the CSC amounts estimated and paid pursuant to this paragraph and the Tribe's full CSC requirement under the Act, the parties may pursue any remedies available to them under the Act, the Compact, and the Contract Disputes Act, 41 U.S.C. §7101 et seq.
- 4.7 Expanded Programs and Services. The Tribe will be eligible for new PSFAs, IHS Headquarters' tribal shares, any service increases, mandatories, pay costs, population growth increases, health services priority system, the Indian Health Care Improvement Fund, any increases resulting from increases in appropriations or reallocation based on changes in Headquarters or Area residual or tribal shares that result in larger amounts being available to tribes, and other recurring and non-recurring resources on the same basis as other tribes, new compacting tribes, and/or IHS programs, facilities and offices. The Tribe will also be eligible for

Absentee Shawnee Tribe of Oklahoma CY 2017-2020 Multi-Year Funding Agreement-IHS Page **9** of **14**

any new funding or competitive grants or any other funding that was previously not available to the Tribe. This does not limit the eligibility of the Tribe to compact PSFAs and funding that was previously available; but at a previous time declined by the Tribe to be compacted.

4.8 Year-End Resources. The IHS shall provide the Tribe the opportunity to receive a share in any year-end resources received by the IHS, on the same basis as all other Tribes pursuant to the applicable distribution methodology. Resources referred to herein are those that were otherwise not available for Tribal Shares distribution.

4.9 Reserved.

- 4.10 Adjustments due to Congressional Appropriations. The parties agree that an adjustment to the funding may be appropriate due to Congressional action. Upon enactment of relevant Appropriations Acts or other law affecting availability of funds to the IHS, the amounts of funding provided to the Tribe may be adjusted as necessary; provided, however, the Tribe shall be notified in advance of such action. Any amendments to the MFA may require written consent of the Tribe and the United States, except those allowed by Section 6 (Amendments or Modifications of this MFA) herein. There may be errors in calculations or other mistakes regarding estimates of tribal funding shares or residuals which may need to be renegotiated in good faith.
- **4.11 Earmarked Funds**. Earmarked funds will be provided to the Tribe in the future to the same extent as they have been provided consistent with applicable law and on the same basis as other eligible tribes.
- 4.11.1 Statutorily Mandated Grants. In accordance with 25 U.S.C. § 5385(b)(2) and its implementing regulations, the parties agree that, upon a request by the Tribe at the time of award of such grant, the Secretary will add the Tribe's grant(s) award funding, and the funding from any other statutorily mandated grant awarded through the IHS to the Tribe, to this MFA after such grants have been awarded. Grant funds will be paid to the Tribe as a lump sum advance payment through the Payment Management System. The Tribe will use interest earned on such funds to enhance the purposes of the statutorily mandated grant program, including allowable administrative costs. The Tribe will comply with all terms and conditions of the grant award for statutorily mandated grants, including reporting requirements, and will not reallocate grant funds nor redesign the grant program, except as provide in the authorizing statutes or the terms of the grants.
- **4.12 Third Party Recoveries.** Any funds recovered by the Tribe through the filing, litigating, or settling a claim against a third party to require that third party to pay for services previously provided to IHS-eligible beneficiaries by the Tribe, or for such services previously provided by IHS in a PSFA now operated by the Tribe, shall be the property of the Tribe and

shall be considered program income to be utilized by Tribe as provided in Article III, Section 4 of the Compact (Program Income, Including Medicare/Medicaid). Any prospective recovery of funds for such services shall likewise be considered program income to be utilized pursuant to Article III, Section 4 of the Compact.

SECTION FIVE PAYMENT OF FUNDS

- 5.1 Generally. Payment of funds shall be made as expeditiously as possible and shall include financial arrangements to cover funding during periods under continuing resolutions to the extent permitted by such resolutions pursuant to Article II, Section 3 of the Tribe's Compact (Payment). The IHS will make available to the Tribe 100% of its negotiated funding amount reflected herein in one lump sum payment on or before January 10 of each year of the Term of this FA or within 30 days of apportionment to IHS.
- **5.2 Prompt Payment Act**. The Prompt Payment Act, Chapter 39 of Title 39, United States Code, shall apply to the payment of funds under the Compact and this MFA negotiated thereunder.
- **5.3 Exceptions.** Except as provided in this section, all funds identified in Section 3 of this MFA shall be paid to the Tribe, in accordance with Article II, Section 3 of the Compact (Payment); payment to the Tribe to be made as follows:

One annual payment in lump sum to be made in advance by electronic funds transfer.

- **5.4 Periodic Payments.** Payment of funds otherwise due to the Tribe under this MFA which are added or identified after the initial payment is made shall be made promptly to the Tribe by electronic funds transfer with ten (10) calendar days after distribution methodologies and other decisions regarding payment of those funds have been made by the IHS.
- 5.5 Buyback. The Tribe may choose to purchase from the IHS any goods and services transferred from the IHS to the Tribe under the Compact and this MFA. The IHS shall provide any such goods and services to the Tribe on a reimbursable basis, including payment in advance with subsequent adjustment. 42 C.F.R. § 137.95. The terms and conditions, including scope of work to be performed, of the goods and services to be provided by IHS to the Tribe through buyback shall be set forth in a separate Buyback Agreement between the Tribe and the IHS, which agreement shall not be incorporated into this MFA or the Compact.

SECTION SIX AMENDMENT OR MODIFICATIONS OF THIS MFA

- **6.1 Form of Amendments**. Except as otherwise provided by this MFA, the Compact, or by law, any modifications of this Agreement shall require written consent of the Tribe and the United States.
- **6.2** Due to the Addition of IHS Retained or New Programs. Should the Tribe determine that it wishes to provide a PSFA of the IHS for which funding has been retained by IHS and which is not included in this MFA, the IHS and the Tribe shall negotiate an amendment to this MFA to incorporate the new PSFA and related funding.
- **6.3** Due to Availability of Additional Funding. The Tribe shall be eligible for any increases in funding and new programs for which it would have been eligible had it been administering programs under a self-determination contract, rather than under the Compact and this MFA, and this MFA shall be amended to provide for timely payment of such new funds to the Tribe.
- 6.4 Funding Increases. Written consent of the Tribe shall not be required for issuing amendments which result from increases in funding for PSFAs identified in this MFA. Such increases include but are not limited to: SSU, Area Office, and/or HQ mandatories; end of year distributions, including without limitation emergency funds, other discretionary funds, etc.; and CHEF, PRC deferred services, and other PRC increases. The Tribe shall have access to the IHS Office of Tribal Self-Governance database that provides documentation of the sub-sub activity source of any increase. Should the database not be available, alternative means of providing the same information will be available within two weeks of tribal request. Such amendments shall be provided with written documentation of the sub-sub activity source and distribution formula for the funding. The transfer of any increase in funding by the IHS to the Tribe through amendments without the written consent of the Tribe shall not be construed to limit or prejudice the rights of the Tribe to dispute the amount of the increase or the formula under Article II, Section 11 of the Compact (Disputes).
- 6.5 Decreases and Delays. Except pursuant to Section 4.10 (Adjustments due to Congressional Appropriations) of the MFA, this MFA shall not be modified to decrease or delay any funding except pursuant to written agreement of the parties.
- 6.6 Submission of Amendments and Final Offer. Amendments or modification proposed by the Tribe shall be submitted in writing to the Oklahoma Lead Negotiator and the Area Office Director with a copy to the IHS, Office of Tribal Self-Governance. If the parties are unable to agree, in whole or in part, on the terms of the amendment (including the funding

levels), the Tribe may submit a final offer pursuant to 25 U.S.C. § 5367(b), which shall be processed in accordance with 25 U.S.C. § 5387(b)-(d) and 42 C.F.R. Part 137 Subpart H.

6.7 Execution. Amendments to this MFA may be executed on behalf of the Tribe by the designee referenced in the tribal resolution approving the Compact.

SECTION SEVEN SPECIAL PROVISIONS AND MISCELLANEOUS

- 7.1 Severability. Except as provided in this section, this MFA shall not be considered invalid, void or voidable if any section or provision of this MFA is found to be invalid, unlawful or unenforceable by a court of competent jurisdiction. The parties will seek agreement to amend, revise or delete any such invalid, unlawful or unenforceable section or provision, in accordance with the provisions of this MFA.
- 7.2 Savings. If it becomes apparent that funds allocated by the Tribe pursuant to its budget process, to any activity as defined in the MFA, are in excess of that needed for such activity, the Tribe may reallocate that excess to any other activity under this MFA (see Article II, Section 8 of the Tribe's Compact (Savings)).
- 7.3 Consolidation of Contracts and Previous Funding Agreements. On the effective date of the Compact and this MFA, the contract(s) listed below and all previous Annual Funding Agreements associated with such contract(s) shall automatically terminate. RESOLUTION NO. E-AS-2016-49

ABSENTEE-SHAWNEE TRIBE OF OKLAHOMA

SPECIAL EXECUTIVE COMMITTEE MEETING

NOVEMBER 29, 2016

A RESOLUTION DULY ADOPTED BY THE EXECUTIVE COMMITTEE OF THE ABSENTEE-SHAWNEE TRIBE OF OKLAHOMA APPROVING THE PROVISION OF PRESCRIPTION DRUG SERVICES TO NON-INDIAN BENEFICIARIES LIMITED TO EMPLOYEES AND THEIR FAMILIES WITH INSURANCE COVERAGE PROVIDED THROUGH THE TRIBAL POLICY.

- WHEREAS, the Absentee-Shawnee Tribe of Oklahoma is a federally recognized Indian Tribe exercising all inherent sovereign rights from time immemorial, and
- WHEREAS, the Absentee-Shawnee Tribe of Oklahoma has a Constitution approved by the Department of Interior, last amended in May 2011, and
- WHEREAS, the Executive Committee of the Absentee-Shawnee Tribe of Oklahoma is empowered by the Constitution to speak and otherwise conduct business in the name of, and on behalf of, the Absentee-Shawnee Tribe of Oklahoma, and
- WHEREAS, it is the responsibility of the Executive Committee to uphold its constitutional responsibility of the Tribe and its membership as the highest priority; and
- WHEREAS, the Absentee-Shawnee Tribe of Oklahoma has in place a Compact and Funding Agreement ("FA") negotiated with Indian Health Services ("IHS") under Title V of the Indian Self-Determination Education and Assistance Act ("ISDEAA"), and
- WHEREAS, the Absentee-Shawnee Tribe of Oklahoma may provide services to non-eligible individuals provided it complies with Section 813 of the Indian Health Care Improvement Act ("IHCIA"), as amended at 25 U.S.C. § 1680(c)(2), and
- WHEREAS, Section 813 of the IHCIA provides that a tribe or tribal organization which operates a health facility under an ISDEAA agreement may, so long as certain circumstances are present, make its own determination whether to provide health services to persons not otherwise eligible (i.e. non-beneficiaries) to receive IHS-funded health services; and

Resolution No. E-AS-2016-49 November 29, 2016 Page 2 of 3

- WHEREAS, in order to satisfy the requirements of Section 813 for the provision of services to non-beneficiaries, one of the considerations relevant to and circumstances that must be present is that doing so will not result in a denial or diminution of services to eligible beneficiaries, and
- WHEREAS, the Executive Committee has determined that the provision of services to both eligible beneficiaries and non-beneficiaries will not result in a denial or diminution of health services to eligible beneficiaries, and that services will be provided on a feefor-service basis resulting in reimbursement in an amount not less than the actual cost of providing such services as required by federal law.

NOW THEREFORE BE IT RESOLVED that the Executive Committee of the Absentee-Shawnee Tribe of Oklahoma finds that provision of services to eligible beneficiaries and to non-beneficiaries alike will not result in denial or diminution of health services to beneficiaries.

BE IT FURTHER RESOLVED that Executive Committee directs that services shall be made available to non-Indian beneficiaries limited to employees and their families with insurance coverage provided through the tribal policy on a fee-for-service basis calculated in an amount not less than the actual costs of providing such services.

BE IT FURTHER RESOLVED the Executive Committee finds and directs that if in the future any significant evidence is presented that the provision of particular services to non-beneficiaries has resulted in a denial or diminution of health services to eligible beneficiaries, the Absentee-Shawnee Tribe of Oklahoma will suspend the delivery of services to non-beneficiaries until a full determination of that impact is made.

BE IT FURTHER RESOLVED that this Resolution shall be continuing unless and until rescinded by separate action of this body, and shall supersede any and all prior Resolutions or Executive Committee actions to the extent such actions conflict with the authorities granted by this Resolution. If the T/TO has an agreement(s) with a sub-awardee whose costs are eligible to be considered in the CSC need of the T/TO AND the T/TO treats sub-awards as a passthrough cost when determining its direct cost base, the total CSC negotiated can be adjusted to incorporate eligible costs specifically identified for each sub-awardee (while recognizing sub-awardee passthroughs and exclusions and the sub-awardee's indirect cost rate).
