1 **SEC. 2. FINDINGS.**

2 "Congress makes the following findings:

3 "(1) Federal health services to maintain and improve the health of the Indians are consonant with and required by the Federal Government’s historical and unique legal relationship with, and resulting responsibility to, the American Indian people.

4 "(2) A major national goal of the United States is to provide the quantity and quality of health serv-
ices which will permit the health status of Indians
to be raised to the highest possible level and to en-
courage the maximum participation of Indians in the
planning and management of those services.

“(3) Federal health services to Indians have re-
sulted in a reduction in the prevalence and incidence
of preventable illnesses among, and unnecessary and
premature deaths of, Indians.

“(4) Despite such services, the unmet health
needs of the American Indian people are severe and
the health status of the Indians is far below that of
the general population of the United States.

“SEC. 3. DECLARATION OF NATIONAL INDIAN HEALTH POL-
ICY.

“Congress declares that it is the policy of this Nation,
in fulfillment of its special trust responsibilities and legal
obligations to Indians—

“(1) to assure the highest possible health status
for Indians and to provide all resources necessary to
effect that policy;

“(2) to raise the health status of Indians by the
year 2010 to at least the levels set forth in the goals
contained within the Healthy People 2010 or suc-
cessor objectives;
“(3) to the greatest extent possible, to allow Indians to set their own health care priorities and establish goals that reflect their unmet needs;

“(4) to increase the proportion of all degrees in the health professions and allied and associated health professions awarded to Indians so that the proportion of Indian health professionals in each Service Area is raised to at least the level of that of the general population;

“(5) to require meaningful consultation with Indian Tribes, Tribal Organizations, and Urban Indian Organizations to implement this Act and the national policy of Indian self-determination; and

“(6) to provide funding for programs and facilities operated by Indian Tribes and Tribal Organizations in amounts that are not less than the amounts provided to programs and facilities operated directly by the Service.

“Sec. 302. Sanitation Facilities.

“(a) Findings.—Congress finds the following:

“(1) The provision of sanitation facilities is primarily a health consideration and function.

“(2) Indian people suffer an inordinately high incidence of disease, injury, and illness directly attributable to the absence or inadequacy of sanitation facilities.

“(3) The long-term cost to the United States of treating and curing such disease, injury, and illness is substantially greater than the short-term cost of providing sanitation facilities and other preventive health measures.

“(4) Many Indian homes and Indian communities still lack sanitation facilities.

“(5) It is in the interest of the United States, and it is the policy of the United States, that all In-
dian communities and Indian homes, new and existing, be provided with sanitation facilities.

“(b) FACILITIES AND SERVICES.—In furtherance of the findings made in subsection (a), Congress reaffirms the primary responsibility and authority of the Service to provide the necessary sanitation facilities and services as provided in section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a). Under such authority, the Secretary, acting through the Service, is authorized to provide the following:

“(1) Financial and technical assistance to Indian Tribes, Tribal Organizations, and Indian communities in the establishment, training, and equipping of utility organizations to operate and maintain sanitation facilities, including the provision of existing plans, standard details, and specifications available in the Department, to be used at the option of the Indian Tribe, Tribal Organization, or Indian community.

“(2) Ongoing technical assistance and training to Indian Tribes, Tribal Organizations, and Indian communities in the management of utility organizations which operate and maintain sanitation facilities.
“(3) Priority funding for operation and maintenance assistance for, and emergency repairs to, sanitation facilities operated by an Indian Tribe, Tribal Organization or Indian community when necessary to avoid an imminent health threat or to protect the investment in sanitation facilities and the investment in the health benefits gained through the provision of sanitation facilities.

“(e) FUNDING.—Notwithstanding any other provision of law—

“(1) the Secretary of Housing and Urban Development is authorized to transfer funds appropriated under the Native American Housing Assistance and Self-Determination Act of 1996 to the Secretary of Health and Human Services;

“(2) the Secretary of Health and Human Services is authorized to accept and use such funds for the purpose of providing sanitation facilities and services for Indians under section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a);

“(3) unless specifically authorized when funds are appropriated, the Secretary shall not use funds appropriated under section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a), to provide sanitation facilities to new homes constructed using funds pro-
vided by the Department of Housing and Urban De-
velopment;

“(4) the Secretary of Health and Human Serv-
ices is authorized to accept from any source, includ-
ing Federal and State agencies, funds for the pur-
pose of providing sanitation facilities and services
and place these funds into contracts or compacts
under the Indian Self-Determination and Education
Assistance Act (25 U.S.C. 450 et seq.);

“(5) except as otherwise prohibited by this sec-
tion, the Secretary may use funds appropriated
under the authority of section 7 of the Act of Au-
gust 5, 1954 (42 U.S.C. 2004a) to fund up to 100
percent of the amount of an Indian Tribe’s loan ob-
tained under any Federal program for new projects
to construct eligible sanitation facilities to serve In-
dian homes;

“(6) except as otherwise prohibited by this sec-
tion, the Secretary may use funds appropriated
under the authority of section 7 of the Act of Au-
gust 5, 1954 (42 U.S.C. 2004a) to meet matching
or cost participation requirements under other Fed-
eral and non-Federal programs for new projects to
construct eligible sanitation facilities;
“(7) all Federal agencies are authorized to transfer to the Secretary funds identified, granted, loaned, or appropriated whereby the Department’s applicable policies, rules, and regulations shall apply in the implementation of such projects;

“(8) the Secretary of Health and Human Services shall enter into interagency agreements with Federal and State agencies for the purpose of providing financial assistance for sanitation facilities and services under this Act; and

“(9) the Secretary of Health and Human Services shall, by regulation developed through rule-making under section 802, establish standards applicable to the planning, design, and construction of sanitation facilities funded under this Act.

“(d) Certain Capabilities Not Prerequisite.—The financial and technical capability of an Indian Tribe, Tribal Organization, or Indian community to safely operate, manage, and maintain a sanitation facility shall not be a prerequisite to the provision or construction of sanitation facilities by the Secretary.

“(e) Financial Assistance.—The Secretary is authorized to provide financial assistance to Indian Tribes, Tribal Organizations, and Indian communities for oper-
ation, management, and maintenance of their sanitation facilities.

“(f) Operation, Management, and Maintenance of Facilities.—The Indian Tribe has the primary responsibility to establish, collect, and use reasonable user fees, or otherwise set aside funding, for the purpose of operating, managing, and maintaining sanitation facilities. If a sanitation facility serving a community that is operated by an Indian Tribe or Tribal Organization is threatened with imminent failure and such operator lacks capacity to maintain the integrity or the health benefits of the sanitation facility, then the Secretary is authorized to assist the Indian Tribe, Tribal Organization, or Indian community in the resolution of the problem on a short-term basis through cooperation with the emergency coordinator or by providing operation, management, and maintenance service.

“(g) ISDEAA Program Funded on Equal Basis.—Tribal Health Programs shall be eligible (on an equal basis with programs that are administered directly by the Service) for—

“(1) any funds appropriated pursuant to this section; and

“(2) any funds appropriated for the purpose of providing sanitation facilities.
“(h) REPORT.—

“(4) SANITATION DEFICIENCY LEVELS.—For purposes of this subsection, the sanitation deficiency levels for an individual, Indian Tribe, or Indian community sanitation facility to serve Indian homes are determined as follows:

“(i) complies with all applicable water supply, pollution control, and solid waste disposal laws; and

“(ii) deficiencies relate to routine replacement, repair, or maintenance needs.

“(B) A level II deficiency exists if a sanitation facility serving an individual, Indian Tribe, or Indian community substantially or recently complied with all applicable water supply, pollution control, and solid waste laws and any deficiencies relate to—

Tribe or Indian community meets 1 or more of the following conditions—

“(ii) major significant interruptions to water supply or sewage disposal occur frequently, requiring major capital improvements to correct the deficiencies; or

“(iii) there is no access to or no approved or permitted solid waste facility available.

“(D) A level IV deficiency exists—

“(i) if a sanitation facility for an individual home, an Indian Tribe, or an Indian community exists but—

“(I) lacks—

“(aa) a safe water supply system; or

“(bb) a waste disposal system;

“(II) contains no piped water or sewer facilities; or

“(III) has become inoperable due to a major component failure; or
“(ii) if only a washeteria or central facility exists in the community.

“(E) A level V deficiency exists in the absence of a sanitation facility, where individual homes do not have access to safe drinking water or adequate wastewater (including sewage) disposal.

accorded by the Secretary unless the Secretary finds, pur-

the project or function to be contracted for will not be
satisfactory or such project or function cannot be properly
completed or maintained under the proposed contract. The
Secretary, in arriving at such a finding, shall consider
whether the Indian or Indian firm will be deficient with
respect to—

“(2) EXCEPTION.—This subsection shall not apply to construction or renovation carried out by an
Indian Tribe or Tribal Organization with its own employees.

“SEC. 304. EXPENDITURE OF NONSERVICE FUNDS FOR RENOVATION.

The provisions of this section shall apply, except that such applications for funding under this paragraph shall be considered separately from applications for funding under paragraph (1).

“(3) USE ONLY FOR CERTAIN PORTION OF COSTS.—A grant provided under this section may be used only for the cost of that portion of a construction, expansion, or modernization project that benefits the Service population identified above in subsection (b)(1)(C) (ii) and (iii). The requirements of clauses (ii) and (iii) of paragraph (1)(C) shall not apply to an Indian Tribe or Tribal Organization applying for a grant under this section for a health care facility located or to be constructed on an island or when such facility is not located on a road system providing direct access to an inpatient hospital where care is available to the Service population.

“(A) adequate financial support will be available for the provision of services at such facility;

“(B) such facility will be available to eligible Indians without regard to ability to pay or source of payment; and

“(C) such facility will, as feasible without diminishing the quality or quantity of services provided to eligible Indians, serve noneligible persons on a cost basis.

“(2) PRIORITY.—In awarding grants under this section, the Secretary shall give priority to Indian Tribes and Tribal Organizations that demonstrate—

“(A) a need for increased ambulatory care services; and

“(B) insufficient capacity to deliver such services.
