1 "SEC. 2. FINDINGS.

2 "Congress makes the following findings:

3 "(1) Federal health services to maintain and improve the health of the Indians are consonant with and required by the Federal Government’s historical and unique legal relationship with, and resulting responsibility to, the American Indian people.

4 "(2) A major national goal of the United States is to provide the quantity and quality of health services which will permit the health status of Indians to be raised to the highest possible level and to en-
courage the maximum participation of Indians in the
planning and management of those services.

“(3) Federal health services to Indians have re-
sulted in a reduction in the prevalence and incidence
of preventable illnesses among, and unnecessary and
premature deaths of, Indians.

“(4) Despite such services, the unmet health
needs of the American Indian people are severe and
the health status of the Indians is far below that of
the general population of the United States.

“SEC. 3. DECLARATION OF NATIONAL INDIAN HEALTH POL-
ICY.

“Congress declares that it is the policy of this Nation,
in fulfillment of its special trust responsibilities and legal
obligations to Indians—

“(1) to assure the highest possible health status
for Indians and to provide all resources necessary to
effect that policy;

“(2) to raise the health status of Indians by the
year 2010 to at least the levels set forth in the goals
contained within the Healthy People 2010 or suc-
cessor objectives;

“(3) to the greatest extent possible, to allow In-
dians to set their own health care priorities and es-

tablish goals that reflect their unmet needs;
“(4) to increase the proportion of all degrees in the health professions and allied and associated health professions awarded to Indians so that the proportion of Indian health professionals in each Service Area is raised to at least the level of that of the general population;

“(5) to require meaningful consultation with Indian Tribes, Tribal Organizations, and Urban Indian Organizations to implement this Act and the national policy of Indian self-determination; and

“(6) to provide funding for programs and facilities operated by Indian Tribes and Tribal Organizations in amounts that are not less than the amounts provided to programs and facilities operated directly by the Service.

“(B) review the total unmet needs of all Indian Tribes, Tribal Organizations, and Urban Indian Organizations for health care facilities (including hostels and staff quarters), including needs for renovation and expansion of existing facilities.
“(4) **Criteria for evaluating needs.**—For purposes of this subsection, the Secretary shall, in evaluating the needs of facilities operated under any contract or compact under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.) use the same criteria that the Secretary uses in evaluating the needs of facilities operated directly by the Service.

“(5) **Needs of facilities under ISDEAA agreements.**—The Secretary shall ensure that the planning, design, construction, and renovation needs of Service and non-Service facilities operated under contracts or compacts in accordance with the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.) are fully and equitably integrated into the health care facility priority system.

“(d) **Review of need for facilities.**—

teria that the Secretary uses in evaluating the needs
of facilities operated directly by the Service.

“(5) The planning, design, construction, and
renovation needs of facilities operated under con-
tracts or compacts under the Indian Self-Determi-
nation and Education Assistance Act (25 U.S.C. 450

“SEC. 302. SANITATION FACILITIES.

“(a) FINDINGS.—Congress finds the following:
“(1) The provision of sanitation facilities is primarily a health consideration and function.

“(2) Indian people suffer an inordinately high incidence of disease, injury, and illness directly attributable to the absence or inadequacy of sanitation facilities.

“(3) The long-term cost to the United States of treating and curing such disease, injury, and illness is substantially greater than the short-term cost of providing sanitation facilities and other preventive health measures.

“(4) Many Indian homes and Indian communities still lack sanitation facilities.

“(5) It is in the interest of the United States, and it is the policy of the United States, that all Indian communities and Indian homes, new and existing, be provided with sanitation facilities.

“(b) FACILITIES AND SERVICES.—In furtherance of the findings made in subsection (a), Congress reaffirms the primary responsibility and authority of the Service to provide the necessary sanitation facilities and services as provided in section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a). Under such authority, the Secretary, acting through the Service, is authorized to provide the following:
“(1) Financial and technical assistance to Indian Tribes, Tribal Organizations, and Indian communities in the establishment, training, and equipping of utility organizations to operate and maintain sanitation facilities, including the provision of existing plans, standard details, and specifications available in the Department, to be used at the option of the Indian Tribe, Tribal Organization, or Indian community.

“(2) Ongoing technical assistance and training to Indian Tribes, Tribal Organizations, and Indian communities in the management of utility organizations which operate and maintain sanitation facilities.

“(3) Priority funding for operation and maintenance assistance for, and emergency repairs to, sanitation facilities operated by an Indian Tribe, Tribal Organization or Indian community when necessary to avoid an imminent health threat or to protect the investment in sanitation facilities and the investment in the health benefits gained through the provision of sanitation facilities.

“(c) FUNDING.—Notwithstanding any other provision of law—
“(1) the Secretary of Housing and Urban Development is authorized to transfer funds appropriated under the Native American Housing Assistance and Self-Determination Act of 1996 to the Secretary of Health and Human Services;

“(2) the Secretary of Health and Human Services is authorized to accept and use such funds for the purpose of providing sanitation facilities and services for Indians under section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a);

“(3) unless specifically authorized when funds are appropriated, the Secretary shall not use funds appropriated under section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a), to provide sanitation facilities to new homes constructed using funds provided by the Department of Housing and Urban Development;

“(4) the Secretary of Health and Human Services is authorized to accept from any source, including Federal and State agencies, funds for the purpose of providing sanitation facilities and services and place these funds into contracts or compacts under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.);
“(5) except as otherwise prohibited by this section, the Secretary may use funds appropriated under the authority of section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a) to fund up to 100 percent of the amount of an Indian Tribe’s loan obtained under any Federal program for new projects to construct eligible sanitation facilities to serve Indian homes;

“(6) except as otherwise prohibited by this section, the Secretary may use funds appropriated under the authority of section 7 of the Act of August 5, 1954 (42 U.S.C. 2004a) to meet matching or cost participation requirements under other Federal and non-Federal programs for new projects to construct eligible sanitation facilities;

“(7) all Federal agencies are authorized to transfer to the Secretary funds identified, granted, loaned, or appropriated whereby the Department’s applicable policies, rules, and regulations shall apply in the implementation of such projects;

“(8) the Secretary of Health and Human Services shall enter into interagency agreements with Federal and State agencies for the purpose of providing financial assistance for sanitation facilities and services under this Act; and
“(9) the Secretary of Health and Human Services shall, by regulation developed through rule-making under section 802, establish standards applicable to the planning, design, and construction of sanitation facilities funded under this Act.

“(d) CERTAIN CAPABILITIES NOT PREREQUISITE.—

The financial and technical capability of an Indian Tribe, Tribal Organization, or Indian community to safely operate, manage, and maintain a sanitation facility shall not be a prerequisite to the provision or construction of sanitation facilities by the Secretary.

“(e) FINANCIAL ASSISTANCE.—The Secretary is authorized to provide financial assistance to Indian Tribes, Tribal Organizations, and Indian communities for operation, management, and maintenance of their sanitation facilities.

“(f) OPERATION, MANAGEMENT, AND MAINTENANCE OF FACILITIES.—The Indian Tribe has the primary responsibility to establish, collect, and use reasonable user fees, or otherwise set aside funding, for the purpose of operating, managing, and maintaining sanitation facilities. If a sanitation facility serving a community that is operated by an Indian Tribe or Tribal Organization is threatened with imminent failure and such operator lacks capacity to maintain the integrity or the health benefits of the
sanitation facility, then the Secretary is authorized to assist the Indian Tribe, Tribal Organization, or Indian community in the resolution of the problem on a short-term basis through cooperation with the emergency coordinator or by providing operation, management, and maintenance service.

“(g) ISDEAA PROGRAM FUNDED ON EQUAL BASIS.—Tribal Health Programs shall be eligible (on an equal basis with programs that are administered directly by the Service) for—

“(1) any funds appropriated pursuant to this section; and

“(2) any funds appropriated for the purpose of providing sanitation facilities.

“(h) REPORT.—

“(1) REQUIRED; CONTENTS.—The Secretary, in consultation with the Secretary of Housing and Urban Development, Indian Tribes, Tribal Organizations, and tribally designated housing entities (as defined in section 4 of the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4103)) shall submit to the President, for inclusion in each report required to be transmitted to Congress under section 801, a report which sets forth—

“(B) the methodology for determining sanitation deficiencies and needs;

“(C) the level of initial and final sanitation deficiency for each type of sanitation facility for each project of each Indian Tribe or Indian community;

“(D) the amount and most effective use of funds, derived from whatever source, necessary to accommodate the sanitation facilities needs of new homes assisted with funds under the Native American Housing Assistance and Self-Determination Act, and to reduce the identified sanitation deficiency levels of all Indian Tribes and Indian communities to level I sanitation deficiency as defined in paragraph (4)(A); and

“(E) a 10-year plan to provide sanitation facilities to serve existing Indian homes and Indian communities and new and renovated Indian homes.

“(2) CRITERIA.—The criteria on which the deficiencies and needs will be evaluated shall be developed through negotiated rulemaking pursuant to section 802.
“(3) **Uniform Methodology.**—The methodology used by the Secretary in determining, preparing cost estimates for, and reporting sanitation deficiencies for purposes of paragraph (1) shall be applied uniformly to all Indian Tribes and Indian communities.

“(4) **Sanitation Deficiency Levels.**—For purposes of this subsection, the sanitation deficiency levels for an individual, Indian Tribe, or Indian community sanitation facility to serve Indian homes are determined as follows:

“(A) A level I deficiency exists if a sanitation facility serving an individual, Indian Tribe, or Indian community—

“(i) complies with all applicable water supply, pollution control, and solid waste disposal laws; and

“(ii) deficiencies relate to routine replacement, repair, or maintenance needs.

“(B) A level II deficiency exists if a sanitation facility serving an individual, Indian Tribe, or Indian community substantially or recently complied with all applicable water supply, pollution control, and solid waste laws and any deficiencies relate to—
“(i) small or minor capital improvements needed to bring the facility back into compliance;

“(ii) capital improvements that are necessary to enlarge or improve the facilities in order to meet the current needs for domestic sanitation facilities; or

“(iii) the lack of equipment or training by an Indian Tribe, Tribal Organization, or an Indian community to properly operate and maintain the sanitation facilities.

“(C) A level III deficiency exists if a sanitation facility serving an individual, Indian Tribe or Indian community meets one or more of the following conditions—

“(i) water or sewer service in the home is provided by a haul system with holding tanks and interior plumbing;

“(ii) major significant interruptions to water supply or sewage disposal occur frequently, requiring major capital improvements to correct the deficiencies; or
“(iii) there is no access to or no approved or permitted solid waste facility available.

“(D) A level IV deficiency exists if—

“(i) a sanitation facility of an individual, Indian Tribe, Tribal Organization, or Indian community has no piped water or sewer facilities in the home or the facility has become inoperable due to major component failure; or

“(ii) where only a washeteria or central facility exists in the community.

“(E) A level V deficiency exists in the absence of a sanitation facility, where individual homes do not have access to safe drinking water or adequate wastewater (including sewage) disposal.

“(i) DEFINITIONS.—For purposes of this section, the following terms apply:

“(1) INDIAN COMMUNITY.—The term ‘Indian community’ means a geographic area, a significant proportion of whose inhabitants are Indians and which is served by or capable of being served by a facility described in this section.
“(2) SANITATION FACILITIES.—The terms ‘sanitation facility’ and ‘sanitation facilities’ mean safe and adequate water supply systems, sanitary sewage disposal systems, and sanitary solid waste systems (and all related equipment and support infrastructure).

“SEC. 303. PREFERENCE TO INDIANS AND INDIAN FIRMS.

“(a) BUY INDIAN ACT.—The Secretary, acting through the Service, may use the negotiating authority of section 23 of the Act of June 25, 1910 (25 U.S.C. 47, commonly known as the ‘Buy Indian Act’), to give preference to any Indian or any enterprise, partnership, corporation, or other type of business organization owned and controlled by an Indian or Indians including former or currently federally recognized Indian Tribes in the State of New York (hereinafter referred to as an ‘Indian firm’) in the construction and renovation of Service facilities pursuant to section 301 and in the construction of sanitation facilities pursuant to section 302. Such preference may be accorded by the Secretary unless the Secretary finds, pursuant to regulations adopted pursuant to section 802, that the project or function to be contracted for will not be satisfactory or such project or function cannot be properly completed or maintained under the proposed contract. The Secretary, in arriving at such a finding, shall consider...
whether the Indian or Indian firm will be deficient with respect to—

“(1) ownership and control by Indians;
“(2) equipment;
“(3) bookkeeping and accounting procedures;
“(4) substantive knowledge of the project or function to be contracted for;
“(5) adequately trained personnel; or
“(6) other necessary components of contract performance.

“(b) LABOR STANDARDS.—

“(1) IN GENERAL.—For the purposes of implementing the provisions of this title, contracts for the construction or renovation of health care facilities, staff quarters, and sanitation facilities, and related support infrastructure, funded in whole or in part with funds made available pursuant to this title, shall contain a provision requiring compliance with subchapter IV of chapter 31 of title 40, United States Code (commonly known as the ‘Davis-Bacon Act’), unless such construction or renovation—

“(A) is performed by a contractor pursuant to a contract with an Indian Tribe or Tribal Organization with funds supplied through a contract or compact authorized by the Indian
Self-Determination and Education Assistance Act, or other statutory authority; and

“(B) is subject to prevailing wage rates for similar construction or renovation in the locality as determined by the Indian Tribes or Tribal Organizations to be served by the construction or renovation.

“(2) EXCEPTION.—This subsection shall not apply to construction or renovation carried out by an Indian Tribe or Tribal Organization with its own employees.

“SEC. 304. EXPENDITURE OF NONSERVICE FUNDS FOR RENOVATION.

“(a) IN GENERAL.—Notwithstanding any other provision of law, if the requirements of subsection (c) are met, the Secretary, acting through the Service, is authorized to accept any major expansion, renovation, or modernization by any Indian Tribe or Tribal Organization of any Service facility or of any other Indian health facility operated pursuant to a contract or compact under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.), including—

“(1) any plans or designs for such expansion, renovation, or modernization; and
'“(2) any expansion, renovation, or modernization for which funds appropriated under any Federal law were lawfully expended.

“(b) PRIORITY LIST.—

“(1) IN GENERAL.—The Secretary shall maintain a separate priority list to address the needs for increased operating expenses, personnel, or equipment for such facilities. The methodology for establishing priorities shall be developed through negotiated rulemaking under section 802. The list of priority facilities will be revised annually in consultation with Indian Tribes and Tribal Organizations.

“(2) REPORT.—The Secretary shall submit to the President, for inclusion in each report required to be transmitted to Congress under section 801, the priority list maintained pursuant to paragraph (1).

“(c) REQUIREMENTS.—The requirements of this subsection are met with respect to any expansion, renovation, or modernization if—

“(1) the Indian Tribe or Tribal Organization—

“(A) provides notice to the Secretary of its intent to expand, renovate, or modernize; and

“(B) applies to the Secretary to be placed on a separate priority list to address the needs
of such new facilities for increased operating expenses, personnel, or equipment; and

“(2) the expansion, renovation, or modernization—

“(A) is approved by the appropriate area director of the Service for Federal facilities; and

In addition to the requirements under subsection (c), for any expansion, the Indian Tribe or Tribal Organization shall provide to the Secretary additional information developed through negotiated rulemaking under section 802, including additional staffing, equipment, and other costs associated with the expansion.

“(e) CLOSURE OR CONVERSION OF FACILITIES.—If any Service facility which has been expanded, renovated, or modernized by an Indian Tribe or Tribal Organization under this section ceases to be used as a Service facility during the 20-year period beginning on the date such expansion, renovation, or modernization is completed, such Indian Tribe or Tribal Organization shall be entitled to
recover from the United States an amount which bears
the same ratio to the value of such facility at the time
of such cessation as the value of such expansion, renova-
tion, or modernization (less the total amount of any funds
provided specifically for such facility under any Federal
program that were expended for such expansion, renova-
tion, or modernization) bore to the value of such facility
at the time of the completion of such expansion, renova-
tion, or modernization.

“(C) which, upon completion of such construction or modernization will—

“(i) have a total capacity appropriate to its projected service population;

“(ii) provide annually no fewer than 150 patient visits by eligible Indians and other users who are eligible for services in
such facility in accordance with section 807(c)(2); and

“(iii) provide ambulatory care in a Service Area (specified in the contract or compact under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.)) with a population of no fewer than 1,500 eligible Indians and other users who are eligible for services in such facility in accordance with section 807(c)(2).

“(2) ADDITIONAL ALLOWABLE USE.—The Secretary may also reserve a portion of the funding provided under this section and use those reserved funds to reduce an outstanding debt incurred by Indian Tribes or Tribal Organizations for the construction, expansion, or modernization of an ambulatory care facility that meets the requirements under paragraph (1). subsection (b)(1)(C) (ii) and (iii). The requirements
of clauses (ii) and (iii) of paragraph (1)(C) shall not
apply to an Indian Tribe or Tribal Organization ap-

“(c) FUNDING.—

“(1) APPLICATION.—No funding may be made
available under this section unless an application or
proposal for such funding has been approved by the
Secretary in accordance with applicable regulations
and has forth reasonable assurance by the applicant
that, at all times after the construction, expansion,
or modernization of a facility carried out pursuant
to funding received under this section—

“(A) adequate financial support will be
available for the provision of services at such
facility;
“(B) such facility will be available to eligible Indians without regard to ability to pay or source of payment; and

“(C) such facility will, as feasible without diminishing the quality or quantity of services provided to eligible Indians, serve noneligible persons on a cost basis.

“(2) PRIORITY.—In awarding funding under this section, the Secretary shall give priority to Indian Tribes and Tribal Organizations that demonstrate—

“(A) a need for increased ambulatory care services; and

carried out with such funds, to be used for the purposes
