

Medicaid Time Line (EPs/EHs) and Incentives (EPs)

The EP incentive amounts listed below are contingent on EPs meeting the required 30 percent minimum Medicaid patient volume. Pediatricians must meet a minimum 20 percent Medicaid patient volume to receive two-thirds of these incentive amounts or a minimum 30 percent for full payment.

*For FY/CY 2014, the reporting period for all EHs and EPs, regardless of their stage, has been reduced to a three-month reporting period. States have the option to limit this reporting period to the quarters within the CY or to any consecutive 90-day period. Users choosing to A/I/U in FY/CY 2014 must do so using 2014 CEHRT.
