1/ Previous reports have used the term "Expenditure". The FY 2019 Report is altered to use the phrase "Budget" to better reflect the nature of the data displayed. The report reflects the budgeted distribution of funds among programs by Area Office and Budget Line.

2/ The program increases do not include \$782,000 that was originally allocated for inflation in the Urban Indian health budget line item but was reprogrammed to fund lease agreements under the Indian Self-Determination and Education Assistance Act, 25 U.S.C. § 5324(l).

3/ One-time distribution to UIOs; funds were added to the FAR contract awards, in addition to the amounts identified in the column for FAR Contract Awards (with Program Increase 2).

4/ 4-in-1 Grant Awards and Urban Indian Education and Research Program include objective review committee expenditures.
