

Addendum to the April 5, 2023 Tribal Consultation Infrastructure Investment and Jobs Act Dear Tribal Leader Letter

The Indian Health Service (IHS) is seeking your input on the following questions:

1. Should IHS utilize the BIL funding to only complete “legacy projects” (e.g. projects included on SDS list at the EOY 2021)?
2. Should BIL funding be retained at IHS Headquarters to be used on a first come first serve basis to cover documented project costs above budgeted amounts for design, construction documents, and construction?
3. Should BIL funding only be obligated to Tier 1 design, construction documents, and construction cost?

Slide Presented During the tribal consultation can be found here:
