

RE-CERTIFICATION APPLICATION FOR THE USPHS NATIONAL CLINICAL PHARMACY SPECIALIST CERTIFICATION

Thank you for your interest in recertification as a National Clinical Pharmacy Specialist (NCPS). To maintain NCPS certification, a pharmacist must recertify every three years.

Each applicant must continue to demonstrate the active provision of comprehensive patient care. Areas of care can include, but are not limited to, the following: acute/chronic disease management (HTN, diabetes, mental health, anticoagulation, tobacco cessation, etc.), pharmacokinetics, nutritional support, antimicrobial stewardship, dose optimization (renal, weight, indication), substance use disorder treatment, pain management, and transitions of care.

Application Deadlines: Completed applications must be received by the NCPS Committee thirty days prior to the next scheduled meeting to be considered for certification. The NCPS Committee meets quarterly to review applications on the second Wednesday in February, May, August, and November.

Completed applications should be combined into a single PDF file and emailed to: NCPSAPPLICATIONS@list.nih.gov. If applicant does not receive confirmation of receipt within 2 weeks of submission, it is recommended that a follow-up message be sent to the same address.

DEMOGRAPHIC INFORMATION:

Applicant Legal name (as appears on license): _____

Name as desired on certificate (if different): _____

Facility Name: _____

Street Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____

Email Address: _____

Position Title: _____
