

## DENTAL MAIN

## DENTAL ANNEX

## EMERGENCIES

We encourage all patients to be proactive in regards to their oral health! Try to maintain proper routine care (exams and cleanings) in order to prevent dental emergencies.

**If you are experiencing oral pain or infection,** please walk-in to our Dental Main building to receive emergency dental services. Our Clinic opens at 7:30AM, Monday - Friday. The first 25 patients to sign in will be seen that day.

If slots have filled up for the day, you may be asked to return the following day to receive care. We apologize for any inconvenience.

We try to provide as much care as possible for our emergency patients, however, there are certain services that cannot be provided through the dental emergency clinic. These include procedures such as large fillings or complicated wisdom tooth extractions.

# LOCATION

Your appointment(s) may take place in either the Dental Main building or the Dental Annex. The appointment notification you get in the mail will note where to go.

**Dental Main** is easily identified by the wooden accessibility ramp on the west side of the building.

**Dental Annex** is across the road to the south and can be easily identified by its front sliding doors.

Unsure of where you should check-in for your appointment? Feel free to call ahead and ask!

# ROUTINE DENTAL CARE

Routine dental care includes annual examinations, regular cleanings, and fillings or sealants as needed. Protecting your oral health with routine check-ups may prevent painful emergency visits.

## Youth

(6 months to 20 years)

Parents, schedule your baby's first exam as soon as their first tooth comes in. Your child should receive an exam every year after that, from infancy to adulthood.

**To schedule an appointment**, call 602-263-1592 between 7:30AM-4:00PM or stop by the Dental Clinic. A legal guardian is required to accompany patients 17yrs and younger.

*Note: We recommend that you supervise your child's daily dental routine until 8yrs old.*

## Adults

(21 years and older)

Adults, we recommended you receive an exam once a year. Appointments are made every Monday starting at 1:00PM. Call us at 602-263-1592. If the line is busy, try again.

**Appointment slots are limited.** If the slots are filled, we encourage you to call back the following week. Only one appointment may be scheduled per person and per phone call.

*Note: If Monday is a federal holiday and we're closed, call us on Tuesday at 1:00PM.*
