Disclaimer

This presentation was current at the time it was published or uploaded onto the web. Medicare policy changes frequently, so links to the source documents have been provided within the document for your reference.

This presentation was prepared as a service to the public and is not intended to grant rights or impose obligations. This presentation may contain references or links to statutes, regulations, or other policy materials. The information provided is only intended to be a general summary. It is not intended to take the place of either the written law or regulations. We encourage readers to review the specific statutes, regulations, and other interpretive materials for a full and accurate statement of their contents.

Important Note: Sections of this presentation were developed in collaboration with Centers for Medicare & Medicaid Services (CMS) and Indian Health Service (IHS) employees.

CMS and IHS employees, agents, and staff make no representation, warranty, or guarantee that this compilation of Medicare information is error free and will bear no responsibility or liability for the results or consequences of the use of this presentation.
Quality Payment Program Objectives

At the end of this session participants should be able to:

1. Understand 2018 Performance categories, weighting and scoring

2. Discuss results from 2017 Reporting Data Call
   - Identify top three challenges with reporting
   - Identify how many eligible clinicians will be able to report for 2018

3. Apply Ideas and helpful hints for reporting
   - Identify and analyze a quality measure for reporting

4. Identify what is needed to get ready for 2018 QPP reporting
   - Utilizing the Reporting Tools
   - Identifying available Resources
The Quality Payment Program (QPP)

OVERVIEW YEAR 2 (CY2018) & YEAR 3 (CY2019)

IHS DATA CALL RESULTS (CY2017)
Origin of the Quality Payment Program (QPP)

- Medicare Access and CHIP Reauthorization Act of 2015 (MACRA)
- Bipartisan Legislation
- **Repeals** the Sustainable Growth Rate (SGR) Formula
- Increases focus on quality of care and value of care delivered
- Moving toward patient-centric healthcare system
  - Delivers better care
  - Smarter spending
  - Healthier People
- **Offers two tracks of participation**
On July 12, 2018, the CMS released its proposed rule for Year 3 (2019) of the Quality Payment Program Notice of Proposed Rulemaking (NPRM).

On November 1, 2018, the CMS released its final rule for Year 3 (2019) of the Quality Payment Program 2019 QPP Final Rule.
Considerations

- Improve beneficiary outcomes
- Increase adoption of Advanced APMs
- Improve data and information sharing
- Reduce burden on clinicians
- Maximize participation
- Ensure operational excellence in program implementation
- Deliver IT systems capabilities that meet the needs of users
Healthcare providers can take part in CMS’s quality programs in one of two ways:

1. Merit-Based Incentive Payment System (MIPS)
2. Advanced Alternative Payment Models (**Advanced** APMs)

**MIPS**
The Merit-based Incentive Payment System (MIPS)
If you decide to participate in MIPS, you will earn a performance-based payment adjustment through MIPS.

**Advanced APMs**
Advanced Alternative Payment Models (Advanced APMs)
If you decide to take part in an Advanced APM, you may earn a Medicare incentive payment for sufficiently participating in an innovative payment model.
Merit-Based Incentive Payment system (MIPs)

OVERVIEW
MIPS Bipartisan Budget Act of 2018

Provides additional authority to continue the gradual transition in MIPS, including:

- Changing the application of MIPS payment adjustments, so adjustments will not apply to all items and services under Medicare Part B, but will now apply only to covered professional services under the Physician Fee Schedule (PFS) beginning in 2019, which is the first payment year for MIPS.

- Changing the way MIPS eligibility is determined with respect to low-volume threshold. Beginning in 2018 (current performance period), low-volume threshold determinations are based on allowed charges for covered professional services under the PFS, not all Medicare Part B allowed charges.

- Providing flexibility in the weighting of the Cost performance category for three additional years.

- Allowing flexibility in establishing the performance threshold for three additional years to ensure gradual and incremental transition to the estimated performance threshold based on the mean or median of final scores from prior year that will apply in 6th year of program.
What Is MIPS?

- The Quality Payment Program/MACRA Streamlines multiple quality and value reporting programs (legacy programs) for Medicare clinicians into a single, improved reporting program called MIPS

Diagram:
- Physician Quality Reporting Program (PQRS)
- Value-Based Payment Modifier (VM)
- Medicare Electronic Health Records (EHR) Incentive Program
- MIPS
Clinician Impact

Which clinicians does The Quality Payment Program affect? Will it affect me?

Short answer: Quality Payment Program affects clinicians who participate in Medicare Part B.
MIPS Eligible Clinician Types

Year 2 (2018) eligible clinicians include:

- Physicians
  - Doctors of Medicine
  - Doctors of Osteopathy
- Dentists
- Optometrists
- Chiropractors
- Podiatrists
- Physician assistants
- Nurse practitioners
- Clinical nurse specialists
- Certified registered nurse anesthetists

**Final Rule Year 3 (2019)** Expanding the definition of MIPS eligible clinicians to include the same clinician types from Year 2 AND six new clinician types:

- Physical therapist
- Occupational therapist
- Qualified speech-language pathologist
- Qualified audiologist
- Clinical psychologist
- Registered dietitian or nutrition professionals
The low-volume threshold includes MIPS eligible clinicians billing more than $90,000 a year in allowed charges for covered professional services under the Medicare Physician Fee Schedule AND furnishing covered professional services to more than 200 Medicare Part B enrolled beneficiaries a year AND providing more than 200 covered professional services under the PFS. To be included, a clinician must exceed all three criterion.

**Note:** For MIPS APMs participants, the low-volume threshold determination will continue to be calculated at the APM Entity level.
Starting in Year 3, clinicians or groups can opt-in to MIPS, if they meet or exceed at least one, but not all three, of the low-volume threshold criteria.

- A virtual group election in Year 3 is considered a low-volume threshold opt-in for any prospective member of the virtual group (solo practitioner or group) that exceeds at least one, but not all of the low-volume threshold criteria.

### MIPS Opt-in Scenarios

<table>

<td>&gt; 200</td>
<td>No – required to participate</td>
</tr>
</tbody>
</table>
## MIPS Year 3 (2019) Final Rule: MIPS Determination Period

### Year 2 (2018) Final

**Low Volume Threshold Determination Period:**
- First 12-month segment: Sept. 1, 2016-Aug. 31, 2017 (including 30-day claims run out)
- Second 12-month segment: Sept. 1, 2017 to Aug. 31, 2018 (including a 30-day claims run out)
- Special Status
  - Use various determination periods to identify MIPS eligible clinicians with a special status and apply the designation. Special status includes:
    - Non-Patient Facing
    - Small Practice
    - Rural Practice
    - Health Professional Shortage Area (HPSA)
    - Hospital-based
    - Ambulatory Surgical Center-based (ASC-based)

### Year 3 (2019) Final

**Creation of a unified MIPS Determination Period:**
- First 12-month segment: Oct. 1, 2017-Sept. 30, 2018 (including a 30-day claims run out)
- Second 12-month segment: Oct. 1, 2018-Sept. 30, 2019 (does not include a 30-day claims run out)
- Goal: consolidate the multiple timeframes and align the determination period (12 month segments) with the fiscal year.
  - Goal: streamlined period will also identify MIPS eligible clinicians with the following special status:
    - Low-volume threshold
    - Non-Patient Facing
    - Small Practice
    - Hospital-based
    - ASC-based
  - Note: Rural and HPSA status continue to apply in 2019

**Quick Tip:** MIPS eligible clinicians with a special status are included in MIPS and qualify for special rules. Having a special status does not exempt a clinician from MIPS.
MIPS Reporting Options

OPTIONS

1. Individual—under an National Provider Identifier (NPI) number and Taxpayer Identification Number (TIN) where they reassign benefits

2. As a Group
   a) Two or more clinicians identified by their National Provider Identifier (NPIs) who have reassigned their billing rights to a single Tax Identification Number (TIN)*.
   b) As an APM Entity

3. As a Virtual Group – made up of solo practitioners and groups of 10 or fewer eligible clinicians who come together “virtually” (no matter what specialty or location) to participate in MIPS for a performance period for a year

* If clinicians participate as a group, they are assessed as a group across all 4 MIPS performance categories. The same is true for clinicians participating as a Virtual Group.
Who Is Exempt?  
MIPS Year 2 (2018)

Newly enrolled in Medicare
- Enrolled in Medicare for the first time during the performance period (exempt until following performance year)

Below the low-volume threshold
- Medicare Part B allowed charges less than or equal to $90,000 a year OR See 200 or fewer Medicare Part B patients a year

Significantly participating in Advanced APMs
- Receive 25% of their Medicare payments OR See 20% of Medicare patients through an Advanced APM
Who Is Exempt?
MIPS Year 3 (2019)

No change in Basic-Exemption Criteria—only change to low-volume threshold

Newly enrolled in Medicare
- Enrolled in Medicare for the first time during the performance period (exempt until following performance year)

Below the low-volume threshold
- To be excluded from MIPS, clinicians or groups need to meet one or more of the following three criterion:
  1. Have \( \leq \$90K \) in Part B allowed charges for covered professional services;
  2. Provide care to \( \leq 200 \) Part B-enrolled beneficiaries; OR
  3. Provide \( \leq 200 \) covered professional services under the Physician Fee Schedule (PFS)

Significantly participating in Advanced APMs
- Receive 25% of their Medicare payments OR See 20% of Medicare patients through an Advanced APM

Clinician Eligibility Screen

Download list of clinicians so easy to sort and search for eligibility.
How will Reporting affect Payment

- Clinicians can choose to submit data for each TIN that they are affiliated.
- Highest score will be assigned to the Eligible Clinician.
- The Payment Adjustment is “carried with you”
- Payment adjustment is for the second year following the reporting year.
  - 2018 Reporting  2020 Adjustment to Medicare Part B Payments

MIPS Years 1, 2 and 3: Performance Threshold and Payment Adjustment

**Change: Increase in Performance Threshold and Payment Adjustment**

**Transition Year 1 (2017) Final**
- 3 point threshold
- Exceptional performer set at 70 points
- Payment adjustment set at +/- 4%

**Year 2 (2018) Final**
- 15 point threshold
- Exceptional performer set at 70 points
- Payment adjustment set at +/- 5%

**Year 3 (2019) Final**
- The Final 30 points threshold
- Exceptional performance bonus set at 75 points
- Payment adjustment could be set at +/- 7%*

* A positive payment adjustment generally can be up to 7% (but then the upward payment adjustment factor is multiplied by a scaling factor to achieve budget neutrality, which could result in an adjustment above or below 7%).
Improvement Activity Category
Tips for 2018 Improvement Activity

- 110 + Improvement Activities to select from
- 90 Day minimum Period
  - If you’re in a group or virtual group, you can attest to an Improvement Activity as long as one clinician in your group or virtual group participated in the activity for at least 90 continuous days during the performance period.

Improvement Activity Alignment
- Consider Projects and Activities you were participating in for 2018 - QAPI program, IPC, PCMH, PDSA’s
- Does the IA support the Quality Measures chosen?
- Is the IA eligible for the PI Performance Category Bonus
  - CEHRT Functionality used in Improvement Activity
  - 29 IA’s are CEHRT Identified
  - Appendix B of the 2018 PI fact sheet outlines IA’s eligible for the PI performance category bonus
Improvement Activity Resources

  - 2018 Improvement Activities Fact Sheet
  - 2018 List of Improvement Activities
  - Improvement Activities Requirements

- Data Validation File - Document detailing the Improvement Activities performance category data validation criteria.
Promoting Interoperability Category
## 2018 Promoting Interoperability (PI) Transition Measures and Scoring

### Required Measures for 50% Base Score
- Security Risk Analysis
- e-Prescribing
- Provide Patient Access*
- Health Information Exchange*

### Measures for Performance Score
<table>
<thead>
<tr>
<th>Measure</th>
<th>% Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Provide Patient Access*</td>
<td>Up to 20%</td>
</tr>
<tr>
<td>Health Information Exchange*</td>
<td>Up to 20%</td>
</tr>
<tr>
<td>View, Download, or Transmit (VDT)</td>
<td>Up to 10%</td>
</tr>
<tr>
<td>Patient-Specific Education</td>
<td>Up to 10%</td>
</tr>
<tr>
<td>Secure Messaging</td>
<td>Up to 10%</td>
</tr>
<tr>
<td>Medication Reconciliation</td>
<td>Up to 10%</td>
</tr>
<tr>
<td>One of the Public Health Reporting Measures</td>
<td>0 or 10%</td>
</tr>
</tbody>
</table>

### Requirements for Bonus Score

<table>
<thead>
<tr>
<th>Requirement</th>
<th>% Points</th>
</tr>
</thead>
<tbody>
<tr>
<td><em>Report to 1 or more of the following public health reporting registries not reported for the performance score:</em></td>
<td>5%</td>
</tr>
<tr>
<td>- Immunization Registry Reporting</td>
<td></td>
</tr>
<tr>
<td>- Syndromic Surveillance Reporting</td>
<td></td>
</tr>
<tr>
<td>- Specialized Registry Reporting</td>
<td></td>
</tr>
<tr>
<td>Report certain Improvement Activities using CEHRT</td>
<td>10%</td>
</tr>
</tbody>
</table>

Considerations for PI Reporting

- 90 day reporting Period in calendar year 2018
- “At Least One” for the View/Download/Transmit and Secure Message Measures
- Group Reporting – Add all MU Performance Measures for Clinicians under Group TIN
- Choose one of 29 the Improvement Activities eligible for the PI Performance Category Bonus (use of EHR)
Two Cost Measures Measured

- **Total Per Capita Cost** measure, measures of all Medicare Part A and Part B costs during the MIPS performance period.
- **Medicare Spending Per Beneficiary** measure determines what Medicare pays for services performed by an individual clinician during an MSPB episode: the period immediately before, during, and after a patient’s hospital stay.

Cost Calculations Based on Attributed Patients

- TPCC measure information form (MIF) contains a list of the primary care Evaluation & Management codes used to attribute beneficiaries to TIN-NPIs for this measure.

Quality Category

Elvira Mosely RN, MSHS, Phoenix Area CAC
284 Quality Measures through various submission methods

Submit at least six (6) measures for the 12-month performance period
- RPMS / EHR Submission Method through QPP Portal
- Registry

IHS RPMS eCQM Reporting
- 13 eCQMs developed for Eligible Clinicians
- December 2018: Training for eCQM Data Extraction
- January – February 2019: Training for eCQM Measure Reporting (recording available)
- January 2 – April 2, 2019: Submission period for MIPS Quality Measure

Web Interface is more than 25 clinicians and 15 required measures
### IHS Update: eCQM for 2018 Reporting Eligible Clinicians (EC)

**Note:** *New measure added for 2018 Reporting Period*

QRDA Files

- QRDA stands for Quality Reporting Document Architecture
- This is the data submission standard used for a variety of quality measurement and reporting initiatives.
- QRDA creates a standard method to report quality measure results in a structured, consistent format and can be used to exchange eCQM data between systems.

QRDA CAT I Files

QRDA CAT I stands for Quality Reporting Document Architecture Category I

- It is an individual-patient-level report.
- Contains quality data for one patient for one or more eCQMs.
- Export files are created in the *BQRE application
- Used by eligible hospitals or critical access hospitals to submit to CMS programs

QRDA CAT III Files

QRDA CAT III stands for Quality Reporting Document Architecture Category III

- It is an aggregate quality report.
- Contains quality data for a set of patients for one or more eCQMs
- Files are created in the ECQM application
- Used by eligible professionals or clinicians to submit to CMS programs
- RPMS ECQM CMS Program options: MIPS_INDIV or MIPS_GROUP

QRDA CAT I and III Files

HCQIS Access Roles and Profile System (HARP): Access for Quality Payment Program Reporting

Carol Smith RN, MS, Great Plains Area Promoting Interoperability (MU) Consultant
Been there before?

Use your credentials set up on the EIDM system.
Quality Payment Program Portal: New User

What Happens Next?
You will be redirected to HARP to register. This process could take 5-15 minutes depending on how quickly your data is verified. HARP uses a third party service provided by Experian to verify your identity. This may require your social security number. Learn more about the HARP identity proof process.

Register with HARP
HARP

- HARP (December 19, 2018 for QPP)
- **QPP User Guide**: includes system access links in “Getting Started”
- New users:
  - Profile: Personal information including Social Security Number
  - Experian identity proofing: Financial information
  - Log in to set up two factor authentication
- User Roles:
  - Security Official (at least one from a group, may already be assigned)
  - Group Representative
  - Individual Practitioner or Representative
Account Application

- New User Registration Link
- Requires entry of *personal* information
- Choose username and password
- Security questions
- CMS uses *Experian* for external authentication service provider
- Multi-factor Authentication (MFA): Symantec Validation and Identity Protection (VIP) service using computer, phone or e-mail.
Quality Payment Portal Account

- Check your Access

  - Security Official
    - At least one per organization
    - Approves users
- Review account information, feedback reports, clinician lists, NPI and TIN information
Getting Ready to Participate

Susy Postal DNP, RN-BC
2018 MIPS Reporting Deadline

- **December 31, 2018**
  - Performance Year 2018 ends
  - Quality Payment Program Exception Applications Window Closes

- **January 2, 2019 - 10:00 am EST**
  - Submission Window Opens for Performance Year 2018

- **January 22, 2019**
  - CMS Web Interface Submission Period Begins for Performance Year 2018

- **March 2, 2019**
  - MIPS Claims Data Submission deadline

- **March 22, 2019 - 8:00 pm EDT**
  - CMS Web Interface Submission Window Ends for Performance Year 2018

- **April 2, 2019 - 8:00 pm EDT**
  - Submission Window Closes for Performance Year 2018
  - You may submit and update your data any time while the submission window is open.

Source: https://qpp.cms.gov/about/deadlines
Getting Ready to Participate in MIPS 2018

- **Confirm participants’ eligibility status**
  - Use CMS website to confirm eligibility

- **Choose if participants are reporting as an individual or a group**
  - Choose participants’ submission mechanism and verify its capabilities
    - Some sites are engaged with a third party intermediary (e.g. Qualified Registries)
    - Attestation – CMS’s Data Submission Tool
      - Obtain your Enterprise Identity Management (EIDM) credentials
      - Access Quality Payment Program portal
Getting Ready to Participate in MIPS 2018 (2)

- **Choose measure(s) and activities**
  - Use CMS resources (website) to explore options on which measures to use

- **Follow reporting requirements (2018)**
  - Follow reporting durations for performance categories
    (e.g., 12 months for Quality and Cost Performance Period)
  - Verify the information needed to report successfully

- **Record data based on participants’ care for patients**

- **Submit data: QPP Portal**

- **Retain Documentation for potential audit (7 years)**
