

SDPI 2021 Funding Update and Supplemental Opportunity

SDPI FY 2021 Update

Now that SDPI has been fully funded at the usual \$150 million for FY 2021, the IHS Division of Grants Management (DGM) is working to amend the Notices of Grant Award (NoAs) to authorize all grants at 100% of their annual grant amounts (inclusive of any offsets).

Opportunity to Request Supplemental Funds

- The offsets implemented in FY 2020 and FY 2021 have resulted in funds that can now be used for other SDPI activities.
- SDPI grantees may submit requests in the current grant year for supplements of up to 25% of their annual grant amounts (maximum of \$250,000).
- These one-time funds can be used for existing or new activities in the SDPI 2021 budget period, so long as they are consistent with each grant's approved scope of work.

Opportunity to Request Supplemental Funds

To request a grant supplement, grantees will need to submit the following into GrantSolutions as an “Amendment Request”. Please note that the “Amendment Type” in GrantSolutions is indicated as a “Supplement Request [Type 6]”.

1. A letter addressed to the Grants Management Specialist (GMS) assigned to the grant (found in the NoA Terms & Conditions section) requesting the supplemental funds, including the amount requested and a brief description of the purpose. This letter should be signed by the Authorizing Official on your latest NoA and the Business Official (determined by the grantee, but typically the financial officer).
2. A budget and budget narrative covering your entire FY 2021 budget plus the supplement (similar in format to what you submitted for your SDPI FY 2021 continuation application).

See [instructions from DGM](#) for detailed steps.

Opportunity to Request Supplemental Funds

- It is hoped that many grantees will take advantage of this opportunity to request supplemental funds that will augment their current SDPI services.
- Please note that requests for supplements will be reviewed by DGM and either approved or denied for substantive reasons (e.g., grant received an offset this year or otherwise has a large unobligated balance, request would require a change in the approved grant scope of work, grant is under performance-related restrictions).
- **Supplement requests can be submitted starting April 15, 2021, and it is requested that they be submitted by June 15, 2021. For questions, please contact your [GMS](#).**

Getting Ready To Apply Early

What is an Assessment?

- A way to identify key diabetes-related issues in your community.
- Plays an essential role in starting an improvement process.
- Helps prioritize activities/services your program may provide with SDPI funds.
- Assists in selecting an SDPI Diabetes Best Practice based on priorities identified in the needs assessment

Why is an Assessment Important?

- To identify priorities and align with the resources available.
- To document needs and ensure your SDPI application reflects these needs.
- To provide accountability to funders, Tribal leaders, partners, and your community members.

Needs and Resource Assessment for SDPI

Assess Needs and Resources

Assess the Needs

- Identify diabetes-related health issues
 - Review Diabetes Audit Reports
 - Review the SOS
 - Describe program challenges

Identify Diabetes-related Health Issues

- Health issues for people with diabetes or those at risk for developing diabetes.
- Examples of areas that may need improvement:
 - Gaps in treatment for people with diabetes.
 - Availability of safe environments for physical activity.
 - Access for healthy and affordable food.
- Gather input from people in your community:
 - Include Tribal leaders, health board, community members, partners, and clinic/program staff.
 - Be prepared to briefly summarize for your SDPI application.

Review Diabetes Audit Reports

- Get a copy of your Audit Reports:
 - 2020 (Audit data for calendar year 2019)
 - 2021 (Audit data for calendar year 2020)
 - Draft Report for 2021 Audit is acceptable
- If you are not able to get a copy...contact your ADC.

Review of Diabetes Audit Reports

- Provide 2-3 items/elements that need to be improved based on the Audit Reports for 2020 and 2021. (If you were not able to obtain these Reports, provide 2-3 issues based on the needs assessment that need improvement).

Audit Items	Audit 2020 Result (%)	Audit 2021 Result (%)
1. Foot Exams	59%	46%
2. A1C <8%	71%	63%
3. Physical Activity	93%	37%

What to do NOW to Prepare for the Competitive Application Process

- Items to check with your organization's grant/financial office NOW:
 1. **DUNS Registration:** Ensure your organization's DUNS registration is current.
 2. **SAM.gov:** Ensure your organization's SAM.gov is current.
 3. **AOR:** Ensure your organization has an Authorized Organization Representative (AOR) and make sure they can submit the SDPI application. Also keep track of your AOR.
 4. **Grants.gov:** Ensure your organization is registered in Grants.gov.
- All current grantees had these in place to apply for and receive an SDPI grant for the 2016 grant cycle
- Please be sure that these are now (and remain) up-to-date throughout the 2022 application process!

Special Considerations for COVID-19

- We know that SDPI staff continue to be affected by the COVID-19 pandemic in many ways, including being called upon to assist with local response efforts.
- Recording of this webinar will be posted on the SDPI website.

Thank you for all you're doing
for the communities you serve
during these challenging times.
