

Upcoming SDPI Webinars

Date	Time	Topic
Thursday Dec 12, 2019	3-4 EST (2 CST / 1 MST / 12 PST / 11 AST)	FY 2019 Final RKM Data Submission (will be recorded)
Wednesday Dec 18, 2019	3-4 EST (2 CST / 1 MST / 12 PST / 11 AST)	Question & Answer (Q&A) (Brief updates + questions)
Thursday Jan 23, 2020	3-4 EST (2 CST / 1 MST / 12 PST / 11 AST)	FY 2020 Baseline RKM Data Submission (will be recorded)

Special Diabetes Program for Indians (SDPI)

**SDPI Outcomes System (SOS)
2019 Final Data Submission and Review**

**IHS Division of Diabetes Treatment and Prevention
December 12, 2019**

Today's webinar

1. SDPI Data for 2019
 - a. Recap of requirements
 - b. Final Required Key Measure (RKM) data submission
 - c. Reviewing results
2. SDPI 2019 Annual Progress Report
3. SDPI 2020 Current Status
4. SOS Website and Demonstration
5. Questions

SDPI – Commonly Used Abbreviations

- ADC = Area Diabetes Consultant
- Audit = IHS Diabetes Care and Outcomes Audit
- Best Practice = SDPI Diabetes Best Practice for FY 2016-2020
- DDTP = IHS Division of Diabetes Treatment and Prevention
- DGM = IHS Division of Grants Management
- EHR = Electronic Health Record System
- NoA = Notice of Award for your SDPI Grant
- PHI = Protected Health Information
- PII = Personally Identifying Information
- RKM = Required Key Measure
- SDPI = Special Diabetes Program for Indians
- SOS = SDPI Outcomes System

SDPI Required Key Measure (RKM) Data for 2019

SDPI 2019 Recap

1. Best Practice Requirements:

- a. Selected one Best Practice
- b. Identified a Target Group and selected members
- c. Implemented proposed activities/services
- d. Collected RKM data for Target Group

2. RKM Data Submission: SDPI Outcomes System (SOS)

- a. **Baseline (required)**
- b. Midyear (optional)
- c. **Final (required)**

3. Guidance - Select a Best Practice that:

- a. Addresses needs identified in your community
- b. You could “move the needle on”, show improvement using RKM data

Why do grantees have to submit RKM data into the SOS?

- To show the national results of SDPI activities.
 - Are improvements being made?
 - How big are the improvements?
 - How many people are receiving Best Practice related activities/services?
- To show stakeholders the good work that's being done.
 - You can share your program's results with Tribal leaders, community members, and others.
 - **Combined (not individual program) RKM data will be shared with IHS leadership, Tribal leaders, and others.**

RKM Data

- **RKM result** = Number and percent of Target Group members who achieve the RKM
- **RKM is specific to the Best Practice selected.** Examples:
 - **Diabetes-related education:** Number and percent of individuals in your Target Group who receive education on any diabetes topic*, either in a group or individual setting. (* Includes nutrition education, physical activity education, and any other diabetes education.)
 - **Glycemic control:** Number and percent of individuals in your Target Group with most recent A1C <8.0%.
- **RKM data are:**
 - Tracked locally throughout the budget period (calendar year).
 - Submitted to DDTP via the SDPI Outcomes System (SOS) at the beginning and end of the budget period.

SDPI 2019 RKM Details

	Baseline	Mid-Year	Final
Required?	Yes	No	Yes
Reflects	Starting point	Progress so far	Final results
Data collected	Before starting activities/services, around the beginning of the budget period	Around the middle of the budget period and/or other times	At the end of the budget period
Due Date	3/15/2019	6/28/2019	1/31/2020
Value	Education BP: Usually 0% Other BP: Could be 0% or higher	Generally higher than 0%	Up to 100% or even higher
Remember			“Lock” data in the SOS after submitting

Two Possible Sources for RKM Data

	EHR (RPMS or Other)	Local Tracking
Target Group List	Set up a register or template (different from main diabetes registry)	Keep track locally using Excel, paper, or other method
Target Group Members Information	Upload and store in WebAudit	Enter into SOS
Target Group Members RKM Data	Upload and store in WebAudit	Enter into SOS
Baseline RKM Result	Two options: <ol style="list-style-type: none"> Preferred: Upload into and Pull from WebAudit for Jan-Dec of previous year Aggregate (generally only for education BPs) 	Two options: <ol style="list-style-type: none"> Submit RKM result from Individual Entry Aggregate (often appropriate for education BP)
Final RKM Result	Upload into and pull from WebAudit for Jan-Dec of budget period	Submit using Individual Entry

SDPI 2019 Final RKM Process

1. **Review** your program's Project Narrative Best Practice section.
2. **Review** your program's RKM data in the SOS (Baseline and possibly other results). Be sure to select 2019 as the Year.
3. **Locate** your program's Target Group list. This could be in your EHR (RPMS or other), a spreadsheet, or other format.
4. **Update** RKM data for each Target Group member, as necessary.

SDPI 2019 Final RKM Process (con't)

5. **Submit** your final RKM data into the SOS. Process depends on which method you will use:
 - a. Pull from WebAudit
 - b. Enter Individual
 - c. Enter Aggregate (requires a waiver)
6. **Review** the final RKM result and compare it to baseline.
7. **Edit and re-submit** RKM data, if necessary.
8. **Lock** your data in the SOS.

Final RKM Data – Target Group Considerations

- If you identified your Target Group **at baseline**:
 - Number of members should be the same for final.
 - Okay if the number is “slightly” different due to patients moving, passing away, or being “automatically” removed from your EHR system.
- If you added Target Group members **during budget period**:
 - If you didn’t get as many members as planned, submit what you have.
 - If you got more members than planned, enter them all.
 - If the final number of members submitted into the SOS is “very” different from the number in your 2019 application, contact your ADC discuss.

RKM Data Review

Review all of your program's data for 2019 in SOS, before and after submitting your final RKM result. Look for:

– General Issues

- Is the exact same result in there more than once? If so, contact the SDPI team to remove one of the values.
- Are the correct results marked as Baseline and Final? If not, contact the SDPI team to fix.
- Is your baseline result 100% or close to that? If so, contact your ADC to discuss.
- What is the change from Baseline to Final? Is it consistent with your local data? If not, determine what needs to be done and work with the SDPI team, as needed.

RKM Data Review (cont'd)

– WebAudit Method Issues

- Is your Denominator “very” different from your Target Group Number? If so, check that your baseline Audit was run on the correct registry/list. Rerun and resubmit if necessary.
- If you submitted data in addition to baseline, is the denominator the same (or close)? If not, check that your Audits were run on the correct registry/list. Rerun and resubmit if necessary.

– Individual Entry Method Issues

- Has your RKM current result been submitted? If not, submit result.
- Is the number of individuals entered “much” smaller than your Target Group Number? If so, determine if additional individuals need to be entered.
- Is the number of individuals entered “much” bigger than your Target Group Number? Don't worry about this for now.

Final RKM Data - Other Considerations

- It's okay if your final RKM result is not 100%.
- For the WebAudit method with RPMS/DMS:
 - In DMS use the Audit 2019 tools (Audit 2020 is not yet available).
 - Use 12/31/2019 as the Audit Period End Date.
 - Do NOT use your 2019 Annual Audit result.
- Your program can only submit RKM data for your one selected Best Practice and Target Group.
- RKM data can only be submitted for the Target Group as a whole; it cannot be submitted separately for sub-groups.
- 2020 is coming soon! Baseline data will be due at the end of February.

After you submit your final RKM data

- Lock your data!
- Your Area Diabetes Consultant will review all data for 2019.
- DDTP will also review all data for 2019.
- If there are questions, we will contact you via phone or email.

Your program's RKM data

- Will **not** be shared with anyone other than DDTP, DGM, and ADCs
- Will **not** be used to determine whether or not you will receive future SDPI funding
- Will **not** evaluate activities/services that are not related to your Best Practice
 - You will provide evaluation of these activities/services in your FY 2019 Annual Progress Report

SOS Information and Resources

- **SOS Website:** <https://www.ihs.gov/sdpi/sdpi-outcomes-system-sos/>
 - Includes checklists for submitting RKM data.
- **SOS Access:**
 - Requires an IHS web account: username and password.
 - If you have forgotten your username or need assistance, email the SDPI team: sdpi@ihs.gov
 - More than one person from the same program can have SOS access.
 - Each person who needs to use the SOS should request access using their own IHS Web Account.
- **Other resources:**
 - SDPI website: <https://www.ihs.gov/sdpi/>
 - Diabetes Audit website: <https://www.ihs.gov/diabetes/audit/>
 - RPMS website: <https://www.ihs.gov/RPMS/>

FY 2019 Annual Progress Report (Coming soon!)

FY 2020 Current Status

SDPI FY 2020

- The budget period for FY 2020 is Jan 1-Dec 31, 2020.
- On November 21, 2019 the President signed the Further Continuing Appropriations Act, 2020, and Further Health Extenders Act of 2019 (HR 3055), which extends funding for the federal government through December 20, 2019. Like the previous extension, this legislation includes a provision that extends funding for the Special Diabetes Program for Indians (SDPI). As such, SDPI has so far been authorized a total of \$33,287,671 for the 2020 budget cycle, which starts on January 1, 2020.
- The IHS Division of Grants Management is working on a plan for how to approach dissemination of this partial year funding. We will continue to keep you updated
