

**Special Diabetes Program for Indians (SDPI)
SDPI Outcomes System (SOS)
Checklist for Submitting Required Key Measure (RKM) Data**

Last Updated: February 2020

Method: RPMS to WebAudit to SOS | **Time Period:** 2020 Baseline **(Required)**

Due: February 28, 2020

Step	Description	Resources	Completed?
1.1	Review your program's 2020 SDPI application (Project Narrative – Part F). Note the Best Practice selected and Target Group information.	Your program's 2020 SDPI application	
1.2	Request access to the SOS , if you do not already have it. If you have accessed the SOS previously, but cannot remember your username, contact the SDPI team at sdpi@ihs.gov .	SOS webpages ¹	
1.3	Enter Best Practice and Target Group information into the SOS using the <i>Best Practice/Target Group Info</i> tool. Tip: Ensure 2020 is selected as the year.	SOS webpages ¹	
1.4	Using RPMS (or other EHR), identify and create a list of your Target Group members. Tips: <ul style="list-style-type: none"> - In RPMS this can be a register or template of patients. - Your Target Group for 2020 may be different from 2019. Be sure to use the correct register or template. - Include SDPI and 2020 in the name of your register or template. 	SOS webpages ¹	
1.5	Using RPMS (or other EHR), create an Audit export (data) file for your FY 2020 Target Group , which contains RKM data for your Target Group members. Tips: <ul style="list-style-type: none"> - Use the Audit 2019 or 2020 tools (DM19 or DM20 in RPMS). - Use 12/31/2019 as the Audit Date. - The Audit export file is a text file (.txt).
