Dear Summit Attendees:

I am pleased to welcome you to the second Indian Health Service (IHS) Tribal Consultation Summit (Summit), which is immediately followed by a half-day session on the Affordable Care Act (ACA). The purpose of this Summit is: to provide a “one stop shop” on Tribal Consultation; to learn about current IHS Tribal Consultation activities and workgroups; and to provide feedback and recommendations on current IHS consultation topics. I look forward to our discussions of these issues during the Summit.

This event originated from a series of recommendations developed by the IHS Director’s Advisory Workgroup on Tribal Consultation (DAWTC). I have invited the Chairs of key IHS workgroups, including the DAWTC, to present on their current Tribal Consultation activities. Participants will have the opportunity to provide feedback and recommendations on current IHS current consultation topics.

We appreciate your participation and look forward to further strengthening our valued government-to-government relationship.

Sincerely,
