

Memorandum of Understanding
Between the
Department of Veterans Affairs (VA)
and
Indian Health Service (IHS)

I. Purpose: The purpose of this Memorandum of Understanding (MOU) is to establish coordination, collaboration, and resource-sharing between the Department of Veterans Affairs (VA) and Indian Health Service (IHS) to improve the health status of American Indian and Alaska Native Veterans. The goal of the MOU is to foster an environment that brings together the strengths and expertise of each organization to actively improve the care and services provided by both. The MOU establishes mutual goals and objectives for ongoing collaboration between VA and IHS in support of their respective missions and to establish a common mission of serving our nation's American Indian (AI) and Alaska Native (AN) Veteran. The MOU is intended to provide authority for a broad range of collaboration between the agencies that facilitate development of additional agreements around specific activities. It is the intent of this MOU to facilitate collaboration between IHS and VA, and not limit initiatives, projects, or interactions between the agencies in any way. The MOU recognizes the importance of a coordinated and cohesive effort on a national scope, while also acknowledging that the implementation of such efforts requires local adaptation to meet the needs of individual tribes, villages, islands, and communities, as well as local VA, IHS, Tribal, and Urban Indian health programs.

II. Authority: The Indian Health Care Improvement Act, 25 U.S.C. Sections 1645, 1647; 38 U.S.C. Sections 523(a), 6301-6307, 8153

III. Background: The mission of the Indian Health Service, in partnership with American Indian and Alaska Native people, is to raise their physical, mental, social and spiritual health to the highest level. The goal of IHS is to ensure that comprehensive, culturally acceptable personal and public health services are available and accessible to all American Indian and Alaska Native people. The foundation of IHS is to uphold the Federal Government's obligation to promote healthy American Indian and Alaska Native people, communities, and cultures and to honor and protect the inherent sovereign rights of Tribes.

The mission of the Department of Veterans Affairs is to "care for him who shall have borne the battle and his widow and orphan." Those words were spoken by Abraham Lincoln during his second inaugural address and reflect the philosophy and principles that guide VA in everything it does.

IHS and VA enter into this MOU to further their respective missions. This MOU builds upon decades of successful collaboration, as well as the 2003 MOU signed between IHS and VA. This MOU also conforms to the most current legislation. It is the intent of this MOU that, through appropriate coordination, collaboration, and resource sharing, both organizations will achieve greater success in reaching their organizational goals and in more effectively serving as stewards of public resources.

IV. Actions:

A. This MOU sets forth 5 mutual goals:
